<b>State Learning Standards</b> Identify relevant grade-level standards and Learning Outcomes from the State Content Learning Standards, Common Core Standards, and school learning outcomes.	RL.6.10, "By the end of the year read and comprehend literature, including stories, dramas, and poems, in the grades 6–8 text complexity band proficiently, with scaffolding as needed at the high end of the range."
<b>Learning Targets/Objectives</b> What should the students know or be able to do after the instruction? Use a sentence format with a measurable verb that matches the cognitive domain standard. This should be a small piece of the standard stated in measurable terms.	#1LT: I can reread a sentence that my parents or guardian just read by reading with the same fluency. #1 LO: Student can read at grade level fluency  #2 LT: I can read my favorite book over and over again #2 LO: student can read at grade level fluency
<b>Grouping</b> Describe how and why students will be divided into groups, if applicable (homogeneous, heterogeneous, random / based on ability, interest, varied purposes, etc.)	#1: Student works with a parent  #2: Student works independently
<b>Differentiation</b> If either or both lessons are whole class, how in the lesson(s) differentiated for the focal student?	Since students struggle with both phrasing and expression/volume they can have an extended amount of time to work since their striving fluency ability stems from needing to decode as they read.
Assessment
