Posters Charles Matlack Price, 1913 Making Posters Scott Laserow, Natalia Delgado, 2020-09-03 Posters have the power to influence and inform so how does a designer hone their creations to have the impact they need With a special focus on conceptualization internationally acclaimed and award winning designers Natalia Delgado and Scott Laserow takes you through planning analyzing and creating posters that stop viewers in their tracks Classic and contemporary examples from around the world show you what can be achieved at the cutting edge of the medium from protest and propaganda posters through pop culture and Swiss style to animated and interactive designs Whether you need to promote the next president advertise a brand or create awareness of a health crisis Making Posters gives you the critical and practical skills to excel in one of the most widely seen forms of graphic design and make sure your work stands out from the crowd The Poster, 1910 *Revolution with a Human Face* James Krapfl, 2013-10-15 In this social and cultural history of Czechoslovakia's gentle revolution James Krapfl shifts the focus away from elites to ordinary citizens who endeavored from the outbreak of revolution in 1989 to the demise of the Czechoslovak federation in 1992 to establish a new democratic political culture Unique in its balanced coverage of developments in both Czech and Slovak lands including the Hungarian minority of southern Slovakia this book looks beyond Prague and Bratislava to collective action in small towns provincial factories and collective farms Through his broad and deep analysis of workers declarations student bulletins newspapers film footage and the proceedings of local administrative bodies Krapfl contends that Czechoslovaks rejected Communism not because it was socialist but because it was arbitrarily bureaucratic and inhumane The restoration of a basic humanness in politics and in daily relations among citizens was the central goal of the revolution In the strikes and demonstrations that began in the last weeks of 1989 Krapfl argues citizens forged new symbols and a new symbolic system to reflect the humane democratic and nonviolent community they sought to create Tracing the course of the revolution from early idealistic euphoria through turns to radicalism and ultimately subversive reaction *Revolution with a Human Face* finds in Czechoslovakia's experiences lessons of both inspiration and caution for people in other countries striving to democratize their governments The Phrenological Journal and Life Illustrated, 1870 **Music Was My Life** Gary Emilio Cavalier, 2024-11-01 From a very young age Gary Emilio Cavalier has been obsessed with music From the age of two to now at seventy Gary has lived a life of performing concerts and as an audio and visual tech for musical events throughout the years A blend of memoir and historical record Gary's humorous stories of young crazy days in smoke filled concert halls and festivals are mixed with fascinating records of the histories of various artists musical instruments and events such as Woodstock show the evolution of music from the 1950s to present from the rise of Beatlemania and Elvis to various genres that have stemmed from rock and roll's earliest beginnings Seventy years of history stories and behind the scenes work have led Gary's passion for music and he now shares that passion and knowledge with you About the Author Gary Emilio Cavalier has worn many hats over the years He has
