**The Authority of the Saints** Pauline Dimech,2017-05-18

Pauline Dimech explores whether and to what extent we may attribute authority to the saints but also how we may ensure that it is the saints and not the scoundrels whose influence persists and whose memory endures The thing that drives her research is the thought that history is full of examples of individuals who held positions of official authority that they did not deserve Dimech is convinced that Hans Urs von Balthasar can help us clarify the issues surrounding the authority of the saints Besides establishing Balthasar's involvement with the enterprise this book tries to establish the theological foundations upon which the authority of the saints would have to be based in theory and possibly already however implicitly based in practice

### **The Westminster Larger Catechism**

Westminster Assembly, The Westminster Larger Catechism along with the Westminster Shorter Catechism is a central catechism of Calvinists in the English tradition throughout the world. The process of writing a catechism started in 1643. In January 1647 the Assembly gave up writing one catechism and split it into two. The Westminster Shorter Catechism was to be easier to read and concise for beginners and the Larger Catechism was to be more exact and comprehensive.
