If You Must:

If You Must Speculate, Learn the Rules Franklin J. Williams, 2005-12-01 Haphazard dabbling in stocks by amateur traders undoubtedly is dangerous. The odds are all in favor of losing money. The risks can be greatly reduced if the trader only would make some attempt to learn the rules of the game. Driving an automobile is dangerous and few people attempt it without first learning something of the mechanism of the car. But any death dealing machine can be made safe through knowledge of its working parts and possibilities from the Foreword. There are common sense rules for even the most daring investment speculation even in a precarious economic environment as in the wake of the dramatic stock market crash of 1929. This guide to smart speculating offers sound advice on determining whether you're really cut out for speculation, what warning signs in your financial situation should steer you toward safer investing, the best way to use margin trading, how to find reliable information on stocks, why you should shun all tips, why you should be a bad loser, and much more. Not just a historical guide to one of the most unstable periods in American economic history, this is a useful primer for today's investor too. *How to Talk to a Liberal (If You Must)* Ann Coulter, 2005-09-27 CAUTION You're about to enter the world of Ann Coulter. *How to Talk to a Liberal If You Must*, the instant New York Times bestseller, shows why Ann Coulter has become the most recognized and controversial conservative intellectual in years. Coulter ranges far and wide in this powerful and entertaining book, which draws on her weekly columns. No subject is off limits, no comment left unsaid. She even includes a special chapter featuring the pieces that squeamish editors refused to publish, what you could have read if you lived in a free country. In *How to Talk to a Liberal If You Must*, which features a brand new chapter special to the paperback edition, Coulter offers her unvarnished take on the essence of being a liberal. The absolute conviction that there is one set of rules for you and another completely different set of rules for everyone else. Her 9/11 comments: I am often asked if I still think we should invade their countries, kill their leaders, and convert them to Christianity. The answer is: Now more than ever. The state of the Democratic Party: Teddy Kennedy crawls out of Boston Harbor with a quart of Scotch in one pocket and a pair of pantyhose in the other, and Democrats hail him as their party's spiritual leader. The Treason Lobby: Want to make liberals angry? Defend the United States. How far the Left has sunk: Liberals have been completely intellectually vanquished. Actually, they lost the war of ideas long ago. It's just that now their defeat is so obvious, even they've noticed. And much more. **If You Know & Do These You Must Prosper** Dr. Ikome S.
