SECTION - B (WRITING & GRAMMAR)

- Ans. 3.** There is an acute shortage of water in every part of the country. In villages women have to walk miles together to bring a pitcher of water. In cities the condition is not good. Water is supplied for an hour or so daily. What is a matter of concern is that most of this water is unclean and is unfit for drinking.
We need to take steps at all levels to conserve water and improve its quality. We should not waste a single drop of water. There should be a ban on washing cars and watering lawns in summer. Harvesting of rain water should be made compulsory. Industries should not be allowed to let their wasteflow in water resources like streams, canals and rivers. If we take these steps seriously and sincerely, we can hope to tide over the scarcity of water.
- Ans. 4.** Two of my friends and I decided to have a boat ride in a nearby river. We all reached the place at about 8 in the morning. The weather was pleasant. There were fluffy clouds in the sky. Birds were out chirping. We hired a boat and oared it to a distant, small island. We had a very good time. We narrated jokes and sang. Then we started our ride back. No sooner had we started than we noticed that the level of water was up and was, in fact rising. Suddenly a huge wave of water came. Our boat shuddered and was unstable. We tried to make it move smoothly to the shore. We could see one or two boats of fishermen at a distance. Then our boat stooped too much to the left. Water gushed into it and soon it collapsed. We were in the water yelling for help. There seemed to be no hope at that quarter. I was feeling suffocated. I tried to swim as much I was capable of. Then I saw a boat rushing towards us. We were rescued by some fishermen and brought to the shore. We thanked God for saving our lives.
