International Banking Text And Cases:

International Banking Jane Elizabeth Hughes, Scott B. MacDonald, 2002 This book was written to provide a straightforward approach to understanding international banking It covers all the traditional course topics credit analysis electronic banking the Eurobond market debt crisis and international supervision while also providing a solid grounding in the history of banking and its influences on modern practices Throughout the text the authors continually convey the message that international banking is a dynamic business in which change is a constant feature **International Banking for a New Century** Irene Finel-Honigman, Fernando B. Sotelino, 2015-06-12 This new textbook provides an up to date overview of international banking as the second decade of the twenty first century unfolds Integrating geo economic operational institutional and regulatory changes in the financial sector the volume s methodology incorporates specific case studies and research combining theory with practical examples to illustrate the impact and consequences of past and present financial crises The volume considers the core aspects of international banking including its structural and technical features historical context institutional evolution in core markets and wholesale retail investment and private banking It uses specific examples from past and present literature post 2008 case studies and histories and research materials offering a fully updated overview of how international banks respond to global crises the origin efficacy and evolution of financial markets and the regulatory framework within which they function One chapter is devoted to the evolution and potential of new markets including the financial sectors of the BRICS and other emerging economies Each chapter examines background causes impact and resolution focusing on specific cases and their broader implications for the sector This textbook is a guide to the new and at times uncharted landscape to be navigated by large domestic cross regional and global banks and will be invaluable reading for students of finance business and economics as well as for those in the financial sector Financing International Trade James C. Baker, 2003-10-30 This book examines the U S international trade finance system including the banks that finance trade the U S Export Import Bank which guarantees and insures those trade credits the Foreign Credit Insurance Association which insures trade credits the Public Export Funding Corporation which makes loans to foreign buyers of U S exports and the federal state and local agencies and private institutions that facilitate U S trade Major foreign export credit agencies are discussed and compared with the American system which is the most comprehensive in the world in its facilitation of financing U S export trade **Corporate Governance and Accountability of Financial Institutions** Jonas Abraham Akuffo, 2021-01-06 The presence of sound corporate governance in a financial institution is important in maintaining the confidence of both the market and the public The power that corporate governance holds over the success of some of the largest financial institutions in the world is not to be downplayed This book methodically assesses the quality of corporate governance and mechanisms of accountability disclosures to various stakeholders It is further intended to provide fresh insights into some specific corporate governance recommendations to help improve good governance in financial

institutions particularly in the United Kingdom and the EU but will also be applicable to other major economies It explores what when and how corporate governance has changed the financial institution functions and corporate executive behaviour by critically reviewing the pre and post financial crisis theoretical and empirical literature Increasingly driven by the nature of complications complexities and opacity in the operations of financial systems corporate governance reporting plays an important role in the financial sector It will provide insights into corporate governance disclosures over a long term basis This book should be a valuable asset to support the research of practitioners students and all academics due to its stimulating and reflective insights into this fascinating topic

From Wall Street to Bay Street Christopher Kobrak,Joe Martin,2018-01-01 From Wall Street to Bay Street is the first book for a lay audience to tackle the similarities and differences between the financial systems of Canada and the United States Christopher Kobrak and Joe Martin reveal the different paths each system has taken since the early nineteenth century

Banking Regulation in Africa Folashade Adeyemo,2021-12-28 There is little literature on the development of banking regulation in Nigeria or the scope of powers of the Central Bank of Nigeria which is its core banking sector regulator The critical impetus of this book is to contribute to the literature of this area with a detailed exploration of the Nigerian regulatory architecture In addition the book also engages in a comparative analysis with two emerging economies in Africa South Africa and Kenya It also considers the UK and the US as comparator jurisdictions in light of their regulatory responses to the global financial crisis of 2008 This book contributes to the ongoing discourse in this area by exploring in detail the theoretical underpinnings of regulation and supervision to determine whether there is an understanding of what constitutes effective regulation in these jurisdictions Given that Nigeria is the core jurisdictional focus a historical account of banking exchanges from the pre colonial era to more recent times is provided Offering an understanding of how political local and economic settings in conjunction with the theories of regulation have impacted and influenced regulatory development in Nigeria the book engages in an examination of Nigeria s historical experiences with bank failures including the banking crisis it experienced in 2008 The newly enacted Banks and Other Financial Institutions Act 2020 is also explored as part of this discourse Through a critical analysis of the law the book demonstrates that the Nigerian regulator has historically adopted a reactionary strategy instead of a proactive and pragmatic approach which is imperative for an effective regulatory regime The outcome of this analysis is that there are lessons to be learned and proposals are discussed in order to rethink the act of banking regulation

Text, Cases and Materials on Equity and Trusts Mohamed Ramjohn,2008-06-30 Text Cases and Materials on Equity and Trusts has been considerably revised to broaden the focus of the text in line with most LLB core courses to encompass equity remedies and injunctions and to take account of recent major statutory and case law developments The new edition features increased pedagogical support to outline key points and principles and improve navigation notes to encourage students to reflect on areas of complexity or controversy and self test questions to consolidate

learning at the end of each chapter New to this edition is a detailed examination of The Civil Partnership Act 2004 and the Charities Act 2006 important case law developments such as Stack v Dowden constructive trusts and family assets Oxley v Hiscock quantification of family assets Barlow Clowes v Eurotrust review of the test for dishonesty Abou Ramah v Abacha dishonest assistance and change of position defence AG for Zambia v Meer Care answers to the questions contained within the text and sample essay questions <http://www.routledgecavendish.com/textbooks/9780415442947>
