The risk that interest payments might turn a small profit into a loss. Dividend cover may reflect the directors' dividend policy. High cover usually indicates a conservative policy.

All profits after tax and preference dividends belong to the ordinary shareholders. It is a more informative measure of ordinary shareholders' fortunes than dividend cover. Investors usually regard EPS as a convenient measure of the success of a company.
(iii) Price earnings ratio relates the market price of a share to the earnings per share. It may be regarded as the number of years' earnings that investors are prepared to pay for in the purchase price of a company's shares. The higher the PER, the greater the confidence of investors in the ability of the company to maintain the EPS.
