Religion? of God or Man? Wayne Talbot, 2019-02-09 Is there evidence for the existence of God defined as the transcendent entity responsible for all material existence The author believes that there is albeit such evidence is not necessarily proof for everyone In this two part study Wayne Talbot firstly presents the evidence that has convinced him that God is the most plausible explanation With a limited but sufficient understanding of the nature of existence in terms of energy matter space and time he demonstrates his primary axiom that nothing can explain itself The natural corollary of this is that scientists will never be able to explain the origins of material existence by examining the material itself An explanation of origins must always lie outside the entity being examined This is why scientists cannot explain the origin of the proposed singularity and why some scientists seek an alternative to the Big Bang model of our universe even resorting to logical absurdities such as the universe creating itself out of nothing while in the presence of something With the reality of God being his presupposition for what follows the author examines the case for monotheistic religions versus polytheistic concluding that the latter are antithetical to a God who is one Left with a choice between Judaism Christianity and Islam he concludes that if God has communicated his guidance for living to any it is most likely Judaism as recorded in the Hebrew scriptures The question becomes Which parts of those scriptures were intended for the children of Israel alone and which were for all people for all time Researching ever deeper he reveals what he has come to believe about how God wants us to relate to him and the specific guidance that should be reworded for contemporary times The spirit of Torah is so much more than the mere words

The Lion of Judah Rabbi Kirt A. Schneider, 2019-01-08 If Jesus is a Jew why is there a wedge between Christianity and Judaism If Jews and Christians both believe in the same God why is there such division Why is history littered with deathly accounts of this division from the early Jewish persecution of Christians to the Crusades slaughtering of Jews The Lion of Judah unpacks the roots of this division showing how jealousy theology the law and the integration of Gentile believers into what was once a predominantly Jewish early church contributed to the schism It then goes on to reveal how Jesus magnificently fulfilled every word in the Bible Readers will discover why the Lion of Judah is the rightful Lord and King of all people Jews Christians Muslims Buddhists Sikhs atheists and the rest of creation This book will help Christians understand the history of Christianity and Judaism get into greater alignment with God's plan of redemption be better equipped to share the gospel with Jewish people and become more sensitive to and appreciative of their Hebraic heritage
