The Power of Middle School Keen J. Babbage, 2012-09-14 The middle school years are a maze of academic duties human growth and self development discovering self identity and increasing social interaction with other people This maze can be an adventure of achievement and opportunity or it can be a struggle of difficulty and disappointment As these experiences are the impetus or foundation for many later achievements in academics careers and personal life it is imperative that educators maximize these formative years by helping middle school students successfully travel through this maze despite its ups and downs its twists and turns and its new challenges to master and the old issues to resolve For instance educators must support students who have fallen behind so as to thwart their reduced likelihood of turnaround in high school Likewise educators must challenge exceptional students in order to perpetuate their enthusiasm for learning and prepare them for college studies By discussing the comprehensive roles and duties of school administrators counselors and teachers The Power of Middle School addresses how to maximize middle school curriculum and extra curricular activities for the academic personal and professional benefits of all students

Tuning Into Mom Michal Clements, Teri Lucie Thompson, 2011 American mothers are household CFOs in charge of an estimated 2 45 trillion in direct spending They are also an important influence on other family members buying habits Many organizations have identified moms as an important customer group but the broad age based definitions these companies work with mask an array of different consumer behaviors Written by two leading marketers this book provides a

new approach to understanding the American Mom market examining the mom s influence on or control of the purchasing habits of children of all ages from infants and toddlers to young adults and bring focus to the frequently overlooked purchase influence of moms on teenagers The authors combine large scale quantitative research of more than 4 700 mothers with qualitative case studies from individual participants Highly recommended for practitioners in retailing and product development this book will also be a valuable supplemental text for college courses in consumer behavior and marketing strategy
