

WRITING A RECOUNT

Recounts retell past events and experiences.

Eg. diaries, newspaper articles, biographies, autobiographies

ORIENTATION

- WHO** was involved?
- WHAT** happened?
- WHERE** did this event take place?
- WHEN** and **HOW** did it happen?

SEQUENCE OF EVENTS

- Important events in the **ORDER** they happened
- Use **PAST TENSE** eg. had, ate
- Use **FIRST PERSON** e.g. I or We, if you are involved or **THIRD PERSON** if you are not involved

RE-ORIENTATION

- Briefly summarise what happened

Last holidays our family went to Ayers Rock.

We stayed in a lovely hotel.

On the first day we caught a bus out to see a huge rock. I took lots of photos at sunset.

We went to bed early that night because we had to wake up really early to see Ayers Rock at sunrise. We were on the bus before 6.00am. I was so tired but it was worth it. The colours we saw on the rock were amazing.

When we arrived home, we chose the best photos we had taken and put them in a large frame in the hallway.

Our trip to Ayers Rock was a great holiday.

Education and Social Mobility Phillip Brown, Diane Reay, Carol Vincent, 2017-10-02 The study of education and social mobility has been a key area of sociological research since the 1950s The importance of this research derives from the systematic analysis of functionalist theories of industrialism Functionalist theories assume that the complementary demands of efficiency and justice result in more meritocratic societies characterized by high rates of social mobility Much of the sociological evidence has cast doubt on this optimistic if not utopian claim that reform of the education system could eliminate the influence of class gender and ethnicity on academic performance and occupational destinations This book brings together sixteen cutting edge articles on education and social mobility It also includes an introductory essay offering a guide to the main issues and controversies addressed by authors from several countries This comprehensive volume makes an important contribution to our theoretical and empirical understanding of the changing relationship between origins

education and destinations This timely collection is also relevant to policy makers as education and social mobility are firmly back on both national and global political agendas viewed as key to creating fairer societies and more competitive economies

This book was originally published as a special issue of the British Journal of Sociology of Education **Excel Essential Skills English Workbook** Kristine Brown,2004 This book is the third in the series of four books that aims to improve student s writing and give practical help with writing tasks in Year 9 and later years The topics and text types covered in the book are designed to help students in their writing tasks for all school subjects In Excel English Workbook Year 9 you will find a focus on 15 different text types a wide variety of practice exercises important grammar and punctuation information vocabulary lists to memorise a detailed answer section Author Kristine Brown [The Space Between Us](#) Ryan D. Enos,2017 The Space Between Us brings the connection between geography psychology and politics to life By going into the neighborhoods of real cities Enos shows how our perceptions of racial ethnic and religious groups are intuitively shaped by where these groups live and interact daily Through the lens of numerous examples across the globe and drawing on a compelling combination of research techniques including field and laboratory experiments big data analysis and small scale interactions this timely book provides a new understanding of how geography shapes politics and how members of groups think about each other Enos analysis is punctuated with personal accounts from the field His rigorous research unfolds in accessible writing that will appeal to specialists and non specialists alike illuminating the profound effects of social geography on how we relate to think about and politically interact across groups in the fabric of our daily lives Jacket

Miracles in Mark David Spell,2009-03-04 The Gospel of Mark has long been regarded as The Gospel of Action It contains more miracles and supernatural phenomena than Matthew Luke or John In fact a third of Mark s Gospel is centered on the miraculous deeds of Jesus Mark is clearly more concerned with what Jesus did than with what He said From the vision that Jesus experienced at His baptism to the supernatural events surrounding the crucifixion and resurrection Dr Spell will take the reader on a journey of exploration through the pages of Mark s Gospel The miracles of Jesus are as profoundly important for us today as they were for those who experienced them This study will help to guide readers in finding insights for their own lives **Handbook of the Ryukyuan Languages** Patrick Heinrich,Shinsho Miyara,Michinori Shimoji,2015-02-17 The

UNESCO atlas on endangered languages recognizes the Ryukyuan languages as constituting languages in their own right This represents a dramatic shift in the ontology of Japan s linguistic make up Ryukyuan linguistics needs to be established as an independent field of study with its own research agenda and objects This handbook delineates that the UNESCO classification is now well established and adequate Linguists working on the Ryukyuan languages are well advised to refute the ontological status of the Ryukyuan languages as dialects The Ryukyuan languages constitute a branch of the Japonic language family which consists of five unroofed Abstand language by distance languages The Handbook of Ryukyuan Languages provides for the most appropriate and up to date answers pertaining to Ryukyuan language structures and use

and the ways in which these languages relate to Ryukyuan society and history It comprises 33 chapters written by the leading experts of Ryukyuan languages Each chapter delineates the boundaries and the research history of the field it addresses comprises the most important and representative information

Student Success Modeling Raymond V. Padilla, 2023-07-03 This book focuses on one of the key questions in education What determines a student's success Based on twenty years of work on student success Ray Padilla here presents two related models he has developed that both provide a framework for understanding success and indicate how it can be enhanced and replicated The research and theory that inform his models are covered in detail He defines student success simply as progress through a program of study such that the student and others expect him or her to complete it and be promoted to the next level or graduate Rather than focusing on the reasons for failure or drop out his approach focuses on understanding the factors that account for student success and that enable many students some of them under the most challenging circumstances to complete all program requirements and graduate The models provide schools and colleges with an analytical tool to uncover the reasons for student success so that they can develop strategies and practices that will enable more students to emulate their successful peers They address the characteristics of the students such as motivation and engagement the ability to surmount barriers and persistence and similarly surface the characteristics of teachers the educational institution its resources and the contexts in which they interact The process provides administrators with a clear and appropriate strategy for action at the level of each individual unit or subpopulation Recognizing the need to develop general models of student success that also can be applied locally to specific situations and contexts the book presents Padilla's Expertise Model of Student Success EMSS that can be applied to general populations as well as the Local Student Success Model LSSM that can be used to drive local institutional strategies to improve student success The book demonstrates how the models have been applied in settings as diverse as a minority high school a community college and an Hispanic Serving Institution and for such purposes as comparing a high performing and a non high performing elementary school
