

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

English Paper June 2015 Grade 12 Memorandum:

Disrupting Hate in Education Rita Verma, Michael W. Apple, 2020-11-26 *Disrupting Hate in Education* aims to identify and respond to the ideological forms of hate and fear that are present in schools which echo larger nativist and populist agendas. Contributions to this volume are international in scope providing powerful examples from US schools and communities examining anti extremism work in the UK the saffronization of schools in India struggles to re orient the villainization of teachers in Brazil and more. Written by a dynamic group of activist educators and critical researchers chapters demonstrate how conservative mobilizations around collective identities gain momentum and how these mobilizations can be interrupted. Out of these interruptions come new opportunities to practice a critically democratic education that hinges upon risk taking deep dialogue and creating a space for common dignity. **A Socially Just**

Classroom: Transdisciplinary Approaches to Teaching Writing Across the Humanities Kristin Coffey, Vuslat Katsanis, 2022-08-16 This edited collection provides a range of transdisciplinary approaches to the teaching of writing across the Humanities through the lens of inclusion and equity in higher education. In three parts From Disciplinary Practice to Transdisciplinary Application The Collective We Transparent Pedagogy in Praxis Power in Presence From Chalkboard to Pavement the chapters focus on teaching triumphs and challenges specific learning objectives and best practices theories and their applications and concrete examples of campus action within specific institutional or socio historical contexts. In whole the book represents what a socially just classroom looks like from first year university writing classes to advanced graduate studies and the impact of learning beyond the university. Building on the scholarship of equity in higher education the book forefronts transdisciplinary pedagogies with chapters representing language and literature creative writing cultural and ethnic studies women and gender studies and media studies. While we understand social justice as a multifaceted and ever expanding effort we affirm the essential role of classroom instructors as the foundational actors in cultivating and sustaining inclusion and equity. We also acknowledge the current challenges of teaching brought on by the COVID 19 pandemic which intensifies previously existing issues surrounding housing employment healthcare and the legal residency status of many students. By fostering a conversation around writing pedagogy in a comparative and transdisciplinary context we encourage educators to translate the resources available in their fields in a collective effort to close the equity gaps. At the same time we intend for this book to provide a context where younger faculty and diverse students can redefine the college classroom while empowering each other within their chosen institutions. *Handbook of Automated Scoring* Duanli
