Brand Journalism Andy Bull, 2013-06-26. Responding to the newly emerging trend of organisations hiring journalists to create content on their behalf, Brand Journalism is the first comprehensive practical guide to this hybrid form of traditional journalism, marketing and public relations. This textbook takes a direct and practical approach to the subject, showing journalists and journalism students how they can apply their skills to working for a brand, and showing those who work for non-media organisations how their organisation can acquire the skills necessary to become a multimedia publisher. Areas covered include: Establishing the audience your brand wants to engage with; Identifying your organisation's business goals; Developing a brand journalism strategy to help deliver those business goals; Measuring the results of your brand journalism strategy. The book also features a wealth of case studies on the subject and offers an invaluable companion website: www.brandjournalism.co.uk.

HCI in Business Fiona Fui-Hoon Nah, 2014-06-02. This volume constitutes the refereed proceedings of the First International Conference on HCI in Business (HCIB 2014) held as part of the 16th International Conference on Human Computer Interaction (HCI International 2014) in Heraklion, Crete, Greece, jointly with 13 other thematically similar conferences. The total of 1476 papers and 220 posters presented at the HCIB 2014 conferences was carefully reviewed and selected from numerous submissions. The papers address the latest research and development efforts and highlight the human aspects of design and use of computing systems. They thoroughly cover the entire field of human computer interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. The 76 papers included in this volume deal with the following topics: enterprise systems, social media for business, mobile and ubiquitous commerce, gamification in business, B2B, B2C, C2C, e-commerce, supporting collaboration, business and innovation, and user experience in shopping and business.

Proceedings of 3rd International Conference on Advanced Computing, Networking and Informatics Atulya Nagar, Durga Prasad Mohapatra, Nabendu Chaki, 2015-09-03. Advanced Computing, Networking and Informatics are three distinct and mutually exclusive disciplines of knowledge with no apparent sharing overlap among them. However, their convergence is observed in many real-world applications including cyber security, internet banking, healthcare, sensor networks, cognitive radio, pervasive computing, amongst many others. This two-volume proceedings explore the combined use of Advanced Computing and Informatics in the next generation wireless networks and security, signal and image processing, ontology and human computer interfaces (HCI). The two volumes together include 132

scholarly articles which have been accepted for presentation from over 550 submissions in the Third International Conference on Advanced Computing Networking and Informatics 2015 held in Bhubaneswar India during June 23 25 2015
