Humorous Satirical Works:

The Choice Humorous and Satirical Works Francisco de Quevedo, 1926 **The Choice Humorous and Satirical Works** Francisco de Quevedo, 1926 *Humor, Satire, and Identity* Jill E. Twark, 2007 Explores the Eastern German literary trend of the 1990s employing humor and satire to come to terms with socialism's failure and a difficult unification process. This title surveys ten novels including works by Brussig, Schulze, and Hensel. These contemporary texts help define Germany today from a specific East German perspective. *Humor, Satire, and Identity* Jill Twark, 2012-02-14 This is the first book in English to survey the Eastern German literary trend of employing humor and satire to come to terms with experiences in the German Democratic Republic and after the fall of the Berlin Wall. As sophisticated attempts to make sense of socialism's failure and a difficult unification process, these contemporary texts help define Germany today from a specific Eastern German perspective. Grounded in politics and history, ten humorous and satirical novels are analyzed for their literary aesthetics and language, cultural critiques, and socio-political insights. The texts include popular novels such as Thomas Brussig's *Helden wie wir*, Ingo Schulze's *Simple Stories*, and Jens Sparschuh's *Der Zimmerspringbrunnen*, as well as lesser-known but equally relevant works like *Schlehwins Giraffe* by Bernd Schirmer and *Katerfrucht* by Erich Loest. A broad spectrum of humor and satire theories is applied to probe texts from various angles and suggest multi-layered answers to the question of how these literary modes function in post-wall Germany to construct a specifically Eastern German identity. Interviews the author conducted with five of the satirists are appended as primary sources and contribute to the interpretation of the texts. **Dead Funny** David Gillot, 2023-07-14 Covering everything from the use of slapstick in *Final Destination* to the comedy of awkwardness in *Get Out*, *Dead Funny* locates humor as a key element in the American horror film. It explores how the genre uses physical comedy, parody, satire, and camp to comment on gender, sexuality, and racial politics. *Techniques of Satire* Emil A. Draitser, 2013-08-26 No detailed description available for *Techniques of Satire*. *Satire, Humor, and Environmental Crises* Massih Zekavat, Tabea Scheel, 2023-05-15 *Satire, Humor, and Environmental Crises* explores how satire and humor can be employed to address and mitigate ecological crises at individual and collective levels. Besides scientific and technological endeavors, solutions to ecological crises must entail social and communicative reform to persuade citizens, corporations, organizations, and policymakers to adopt more sustainable lifestyles and policies. This monograph reassesses environmental behavior and messaging and explores the promises of humorous and satirical communication therein. It draws upon a solid and interdisciplinary theoretical foundation to explicate the individual, social, and ecospheric determinants of behavior. Creative works of popular culture across various modes of expression, including *The Simpsons*, *Last Week Tonight with John Oliver*, and *The New Yorker* cartoons, are examined to illustrate the strong, if underappreciated, relationship between humor and the environment. This is followed by a discussion of the instruments and methodological subtleties involved in measuring the impacts of humor and satire in environmental advocacy for the purpose

of conducting empirical research More broadly the book aspires to participate in urgent cultural and political discussions about how we can evaluate and intervene in the full diversity of environmental crises engage a broad set of internal and external partners and stakeholders and develop models for positive social and environmental transformations This book will be of great interest to students and scholars interested in environmental humanities communication science psychology and critical humor studies It can further benefit environmental activists policymakers NGOs and campaign organizers
