Base building and crafting are a very important part of the Fallout 76 game, and so our game guide also includes a section which explains how to use the CAMP system and all the crafting benchworks.

[A Guide to Fallout 4 \(Post Game Walkthrough, an Insight Into Settlements, and DLC Wasteland Workshops\)](#) Sahil Mahajan, 2020-08-12

Workshops give you the ability to scrap and rearrange things to your heart's content. At every settlement, you'll be able to find a Workshop to build your perfect structures and layout. From a veritable paradise to fortified strongholds, the decision is yours. After you take over a Workshop, you will automatically control that settlement at which you can set about restructuring it however you desire. Together with the ability, you can create a metropolis in the Commonwealth which can turn into a source of cash and other goods for your travels. Or do nothing. It's entirely your decision. Open the Workshop menu, and you will notice a green area at the edge of a settlement. This is the edge of the buildable area, and each settlement has a border so that it can only take so much construction. You can trash or build, but whatever is inside this area cannot move further.
