From the Sidelines to the Headlines Betsy Gerhardt Pasley, 2023-03-07 In spring 2014 Peggy Kokernot Kaplan a former Trinity University athlete and cofounder of the women's track team emailed her alma mater's athletic department asking the school to post statistics from the team's 1975 season. It's no surprise that they couldn't fulfill her request for Trinity had sparse records from the 1970s not just for track and field but for most performances by female athletes before 1991 when the school joined a NCAA Division III conference. What started as a humble email request nearly a decade ago has culminated in *From the Sidelines to the Headlines: The Legacy of Women's Sports at Trinity University* an expansive book aimed at filling in the gaps in coverage of half a century of women's intercollegiate sports. Former Trinity athlete Betsy Gerhardt Pasley and historian Doug Brackenridge along with other members of the Trinity community have collected hundreds of long forgotten documents and conducted dozens of interviews with former students, coaches, and administrators to tell the fascinating multifaceted story of women's sports at this liberal arts school in San Antonio, Texas. While the book focuses primarily on the post Title IX years between 1972 and 1999, its scope extends to Trinity's founding in 1869, illuminating the century-long evolution of women in competitive sports at Trinity and elsewhere before Title IX. The story told alongside the cultural shifts that formed the social and athletic context for female athletes of the day also documents the decision Trinity and other institutions of higher learning faced after Title IX: Should they adhere to a commercial model in which a focus on athletics often overshadowed academics or strive for a more balanced student athlete/nonscholarship model? Trinity chose the latter and has decades of national championships and academic accolades to show for it.

The Youth Sports Crisis Steven J. Overman, 2014-10-14 This provocative critique of the youth sports movement examines the various issues surrounding children in sports and provides a plan for reform based on a change in philosophy and practice. Many American children spend more than 20 hours a week in organized sports forgoing free time and unstructured recreational activities for the rigors of training and competition. This book offers a comprehensive critique of the youth sports movement, pitting the reality of adult-run sports programs against the needs and interests of children. It examines whether the tradeoff of normal play time for structured sports activities teaches discipline and leads to stronger character development or if the pressures of the game, the physical strain of practicing, and the general overscheduling of children's lives have eroded the benefits associated with playing sports. Educator and former coach Steven J. Overman contends that youth-based sports programs require a radical change for the well-being of the young participants. The book explores the various problems in organized sports, including stress on the family, physical health hazards, violence, emotional duress, elitism, and hyper-competitiveness. Incorporating the perspectives of coaches, athletes, parents, physicians, and social scientists, the narrative scrutinizes the role of adults as promoters and coaches and concludes with a discussion of current and needed reforms.

The South Bend Blue Sox Jim Sargent, Robert M. Gorman, 2011-12-01 Immortalized in the

film *A League of Their Own* the All American Girls Professional Baseball League debuted in 1943 as a way to fill ballpark seats should Major League Baseball suspend operations during World War II Any fan expecting to see a watered down version of the game was in for quite a surprise The women on the field proved every bit as tough and competitive as their male counterparts running with abandon diving for catches and sliding fearlessly all while wearing uniforms with short skirts This work examines the history of the league as seen through the eyes of the players and management and the experiences of the South Bend Blue Sox one of only two teams to play in all 12 seasons of the league Although players never saw themselves as revolutionaries these daring heroines helped pave the way toward greater freedom of choice for the generations of women who followed *Sports Talent* Jim Brown, 2001 Future of Sports Talent
