They collected www.fishbase.org. The key to understanding the chart is that the numbers represent the number of fish in the sample. The chart is a line graph showing the number of fish in the sample over time. The x-axis represents time in hours, and the y-axis represents the number of fish. The data shows a steady increase in the number of fish over time, starting from 0 at 0 hours and reaching 100 at 10 hours. The data is as follows:

the authors find that the relationship between perceived leadership quality and ratings of organizational citizenship behavior is moderated by the degree to which the organization has a strong ethical climate. Specifically, the relationship is stronger in organizations with a strong ethical climate than in organizations with a weak ethical climate.
