**The Cambridge Companion to African American Women's Literature** Angelyn Mitchell, Danille K.

Taylor, 2009-04-30 The Cambridge Companion to African American Women's Literature covers a period dating back to the eighteenth century. These specially commissioned essays highlight the artistry, complexity, and diversity of a literary tradition that ranges from Lucy Terry to Toni Morrison. A wide range of topics are addressed from the Harlem Renaissance to the Black Arts Movement and from the performing arts to popular fiction. Together, the essays provide an invaluable guide to a rich, complex tradition of women writers in conversation with each other as they critique American society and influence American letters. Accessible and vibrant with the needs of undergraduate students in mind, this Companion will be of great interest to anybody who wishes to gain a deeper understanding of this important and vital area of American literature.

**The Brothers and Sisters Learn to Write** Anne Haas Dyson, 2003 Building on her groundbreaking work in *Writing Superheroes*, Anne Dyson traces the influence of a wide-ranging set of textual toys from children's lives: church and hip-hop songs, rap music, movies, TV, traditional jump rope rhymes, the words of professional sports announcers and radio deejays upon school learning and writing. Wonderfully rich portraits of five African American first graders demonstrate how children's imaginative use of wider cultural symbols enriches their school learning. Featuring lively and engaging vignettes of children who are often left behind by our educational system, this book provides a detailed view of written language development from inside a particular childhood culture. Shows that children bring a rich folk culture to school and demonstrates how they remix their cultural references to accommodate school tasks such as writing. Turns the traditional educational view inside out by starting from inside a child's culture and looking out toward the demands of school rather than starting on the outside of the child and looking in. Provides concrete examples of how children's cultural literacy practices translate into classroom practices and in turn into practices of academic success. The most significant work that has ever been done in this area. It is superior in every respect and Anne Dyson writes like a dream. Tom Newkirk, University of New Hampshire. This book is unique in that it features students who draw on the cultural experiences of the Black church, sister and brother play, family games, rap, and Black popular music. It should be ideal in courses on literacy learning. Arnetha Ball, School of Education, Stanford University.

**Helping Your Child Learn Responsible Behavior** Bernice Cullinan, 1994 This book provides practical ideas and activities which promote responsible behavior and attitudes in children. *Dictionary for a Better World* Irene Latham, Charles Waters, 2020-02-04 How can we make the world a better place? This inspiring resource for middle-grade readers is organized as a dictionary; each entry presents a word related to creating a better world, such as ally, empathy, or respect. For each word, there is a poem, a quote from an inspiring person, a personal anecdote from the authors, and a try-it prompt for an activity. This second poetic collaboration from Irene Latham and Charles Waters builds upon themes of diversity and inclusiveness from their previous book *Can I Touch Your Hair? Poems of Race, Mistakes, and Friendship*.

Test Talk Glennon Doyle Melton, Amy H. Greene, 2023-10-10 Under No Child Left Behind nearly every teacher faces a high stakes balancing act managing the often incompatible responsibilities of teaching students meaningfully or preparing them for standardized tests Through their experiences teaching at a school that struggled to meet state test standards driven by NCLB authors Amy Greene and Glennon Melton discovered a way to raise scores without compromising their strong beliefs about good teaching and learning Their concise and easy to use book Test Talk Integrating Test Preparation Into Reading Workshop includes lesson plans and practice passages as well as sample questions and suggested language to use during lessons This compelling book shows that teachers don't have to choose between best practice teaching and test preparation effective test taking strategies can be integrated into authentic reading instruction The authors demonstrate how to improve performance on tests without resorting to teaching to the test mnemonic devices or other gimmicks Instead they focus on encouraging student readers to explore tests as a specific genre containing unique language format and cues Throughout the book classroom vignettes show how seamlessly one can weave the test genre into reading workshop and connect those specialized skills to more general reading strategies It is an invaluable resource for any teacher who struggles with how to prepare kids for tests without sacrificing real teaching and learning

**Brown Gold** Michelle Martin, 2004-03-01 **Brown Gold** is a compelling history and analysis of African American children's picturebooks from the mid nineteenth century to the present At the turn of the nineteenth century good children's books about black life were hard to find if indeed young black readers and their parents could even gain entry into the bookstores and libraries But today in the Golden Age of African American children's picturebooks one can find a wealth of titles ranging from *Happy to be Nappy* to *Black is Brown is Tan* In this book Michelle Martin explores how the genre has evolved from problematic early works such as *Epaminondas* that were rooted in minstrelsy and stereotype through the civil rights movement and onward to contemporary celebrations of blackness She demonstrates the cultural importance of contemporary favorites through keen historical analysis scrutinizing the longevity and proliferation of the Coontown series

and Ten Little Niggers books for example that makes clear how few picturebooks existed in which black children could see themselves and their people positively represented even up until the 1960s Martin also explores how children's authors and illustrators have addressed major issues in black life and history including racism the civil rights movement black feminism major historical figures religion and slavery Brown Gold adds new depth to the reader's understanding of African American literature and culture and illuminates how the round dynamic characters in these children's novels novellas and picturebooks can put a face on the past a face with which many contemporary readers can identify Children's Literature Barbara Stoodt,1996

*Creating Reading Rainbow* Barbara Irwin,Tony Buttino,Pam Johnson,2024-06-18 Reading Rainbow is one of the most successful PBS children's series in television history earning numerous national and international awards including 26 Emmys and a Peabody Award But perhaps more important than anything else Reading Rainbow helped generations of children cultivate a love for books Reading Rainbow is very much a story of humble beginnings and enormous perseverance Over five summers Tony Buttino Sr and his colleagues at WNED TV the public television station in Buffalo New York worked in collaboration with educators and librarians to experiment with summer reading programs But after trialing these programs the WNED team realized there was a big need for a new children's literacy series and believed they could create a new show with local and national collaborators and friends After fits and starts and enough twists and turns to fill a children's book Reading Rainbow premiered in the summer of 1983 and captured the attention of 6.5 million young viewers Creating Reading Rainbow explores the many intriguing and homespun stories that when woven together reveal how this groundbreaking and iconic television series came to be What led to the series being called Reading Rainbow How did the road to Reading Rainbow wind its way through Mister Rogers Neighborhood How did a public television station in Buffalo spearhead a movement in education and spark the passion for reading in millions of children And what does lasagna have to do with it

**Step Into Nature** Patrice Vecchione,2015-03-31 The natural world has inspired artists seekers and thinkers for millennia but in recent times as the pace of life has sped up its demands have moved us indoors Yet nature's capacity to lead us to important truths to invigorate and restore our imagination and equilibrium is infinite Step Into Nature is a guide to make nature personal again to stimulate awareness and increase our understanding of the environment while inspiring readers to develop and strengthen their imaginations But being in nature doesn't mean flying off to remote faraway places Nature is as close as opening your front door the sky above the miniature gardens that insist their way up between the sidewalk cracks the river just down the road Patrice Vecchione shows readers how nature can support and enhance their own creative output invigorate their curiosity and restore their sense of connection to the earth Plus included in each chapter is The Cabinet of Curiosities exercises and suggestions for practical and unexpected ways that readers can stimulate their imaginations deepen their relationships with nature and experience the harmony between creativity and the natural world

**Empowerment through Multicultural Education** Christine E. Sleeter,1991-01-01 This book reframes questions about

student diversity by probing the extent to which society serves the interests of all and by examining the empowerment of members of oppressed groups to direct social change It examines the empowerment of children who are members of oppressed racial groups lower class and female based on the ideas of multicultural education A series of ethnographic studies illustrates how such young people view their world their power to affect it in their own interests and their response to what is usually a growing sense of powerlessness as they mature The authors also conceptualize contributions of multicultural education to empowering young people and report investigations of multicultural education projects educators have used for student empowerment Issues in teacher education are also discussed     Another Jar of Tiny Stars Deborah
