Dear Sir,

I'm addressing this complaint letter to make a complaint against the hostile work environment that I'm currently going through. I have been a sincere and loyal employee of the company for about 7 years now and have served the company with my all. However, it makes me feel pain to state that I'm not receiving a similar type of treatment at my workplace. I have been the victim of the hostile work environment from my senior for many months now.

It has gone beyond my tolerance and the silence now to bear it anymore as I'm suffocating each day with what I'm going through. I kindly request you to please review the work culture environment at our senior front as they have been exploiting me and my other junior colleagues under their sheer domination. I expect to hear soon anything from you in the return of the letter and take due action to filter out all the toxicity from the office environment.

Thanks & regards  
Dana Cruise

*Workplace Warrior* Jordan Goldrich, 2019-10-01 Are you a leader who has been called abrasive aggressive or even a bully This book is written for rather than about you You have probably noticed that many if not most authors and speakers who deal with this subject refer to leaders like you with demeaning names because they think you need to be more respectful Jordan Goldrich challenges this irony or perhaps hypocrisy by recognizing that in reality you possess a warrior spirit that is crucial to the success of organizations in our current VUCA environment volatility uncertainty complexity and ambiguity Goldrich acknowledges that just like himself these leaders are imperfect human beings whose leadership or communication styles can sometimes create a negative impact But he also acknowledges an important truth that they bring unique value to the workplace and to society His challenge to you in this book is to become a better leader by measuring yourself against the greatest warriors on the planet the Navy SEALs the Green Berets and the rest of the special operations community because you have something in common with them Like you these heroes have an uncommon desire to succeed are committed to taking charge and are focused on accomplishing the mission In addition they commit to humbly serve and to place the welfare and security of others before their own Goldrich shows you how to do the same Some of the author's advice revolves around the clever use of the phrase The Least You Can Do If you are interested in doing the least you can do to be both authentic and protect yourself in a politically correct over protective world you will find what you need in *Workplace Warrior* If on the other hand you want to do the least you can do in the sense that it is the right thing to do you will find resources to authentically take your leadership to a higher level Human resources executives executive coaches and people who work with and for leaders labeled as abrasive or bullies will find a unique perspective on these leaders motivations and mindsets and will then be able to do their part in building collaborative

relationships with their colleagues
