description of teacher pupil interaction during the Literacy Hour in good schools It is based on detailed observations in inner

the development and teaching of early literacy The book provides practice based examples of how teachers and schools  
might adapt their delivery for literacy as they move to greater creativity in their teaching of reading and writing The analysis  
begins within the classrooms of three expert Key Stage 1 teachers and broadens out in to the wider setting of the schools and  
their senior management teams An important theme running throughout the book is how the three teachers were able to  
make exceptional provision for their pupils who were largely second language speakers and from socio economically  
disadvantaged groups The teachers successful practice grew from their understanding of both early literacy development  
and planning for individual need The information in this book will enable student teachers recently qualified teachers and
