Power at Ground Zero Lynne B. Sagalyn,2016-08-05 The destruction of the World Trade Center complex on 9 11 set in motion a chain of events that fundamentally transformed both the United States and the wider world War has raged in the Middle East for a decade and a half and Americans have become accustomed to surveillance enhanced security and periodic terrorist attacks But the symbolic locus of the post 9 11 world has always been Ground Zero the sixteen acres in Manhattan s financial district where the twin towers collapsed While idealism dominated in the initial rebuilding phase interest group trench warfare soon ensued Myriad battles involving all of the interests with a stake in that space real estate interests victims families politicians the Port Authority of New York and New Jersey the federal government community groups architectural firms and a panoply of ambitious entrepreneurs grasping for pieces of the pie raged for over a decade and nearly fifteen years later there are still loose ends that need resolution In *Power at Ground Zero* Lynne Sagalyn offers the definitive account of one of the greatest reconstruction projects in modern world history Sagalyn is America s most eminent scholar of major urban reconstruction projects and this is the culmination of over a decade of research Both epic in scope and granular in detail this is at base a classic New York story Sagalyn has an extraordinary command over all of the actors and moving parts involved in the drama the long parade of New York and New Jersey governors involved in the project Mayor Michael Bloomberg various Port Authority leaders the ubiquitous real estate magnate Larry Silverstein and architectural superstars like Santiago Calatrava and Daniel Libeskind As she shows political competition at the local state regional and federal level along with vast sums of money drove every aspect of the planning process But the reconstruction project was always about more than complex real estate deals and jockeying among local politicians The symbolism of the reconstruction extended far beyond New York and was freighted with the twin tasks of symbolizing American resilience and projecting American power As a result every aspect was contested As Sagalyn points out while modern city building is often dismissed as cold hearted and detached from meaning the opposite was true at Ground Zero Virtually every action was infused with symbolic significance and needed to be debated The emotional dimension of 9 11 made this large scale rebuilding effort unique it supercharged the complexity of the rebuilding process with both sanctity and a truly unique politics Covering all of this and more *Power at Ground Zero* is sure to stand as the most important book ever written on the aftermath of arguably the most significant isolated event in the post Cold War era **New Technologies at Work** Christina Garsten,Helena Wulff,2020-06-11 Information and communication technologies have completely revolutionized our working

practices Career patterns professional identities speed of communication time management and mobility have been irrevocably changed in an amazingly short period Drawing on worldwide case studies this fascinating book explores these transformations and looks to what developments are in store for us in the future Flexible hours email virtual meetings rooms and working from home are all relatively new additions to our professional lives The effects of these technological advances have been dramatic and far reaching Not only have they helped to connect organizations and institutions in developing countries to the rest of the world but they also allow people to maintain extensive geographical networks with friends families and colleagues The use of virtual reality and multimedia has had a huge impact on careers ranging from investment banking to molecular biology and has brought fundamental changes to education and training the generation of new ideas and problem solving This book investigates both the impact of information technology on working practices and more complexly how I T is bound up in social political and economic issues How are power relations established and maintained through transnational networking Can the Internet be used as a political tool to manipulate the masses In what ways has digital technology changed the aesthetics and practices of the Euro American dance world What initiatives have been undertaken to ensure people aren't excluded from the digital world and have they succeeded Through answering these and many more questions this groundbreaking book is an essential guide to the modern day world **2020 Vision** Stan Davis, William Harley Davidson, 1991 Information management and biotechnology are reshaping the basic structure of American enterprise In this bold and innovative analysis Davis and Davidson explain what these changes mean and how entrepreneurs and executives can prepare for challenges of tomorrow **Architectural Record**, 2001 *Corporate and Investment Banking* Fidelio Tata, 2020-07-19 This book provides unique information to prepare graduates and newly hired corporate and investment banking professionals for a career in the global markets environment of large universal and international investment banks It shows the interrelationship between the three specific business functions of sales trading and research as well as the interaction with corporate and institutional clients The book fills a gap in the available literature by linking financial market theory to the practical aspects of day to day operations on a trading floor and offers a taxonomy of the current banking business providing an in depth analysis of the main market participants in the global markets ecosystem Engaging the reader with case studies anecdotes and industry color the book addresses the risks and opportunities of the global markets business in today's global financial markets both from a theoretical and from a practitioner's perspective and focuses on the most important fixed income financial instruments from a pricing risk management and client marketing perspective *The Goodbye Islands* Stuart Gregory, 2021-01-12 It was another day at the office The drawers in my desk were slowly creep open and close It was a particularly windy on this day I was on the one hundred and third floor of the world trade center tower two When it was windy the building had a built in sway factor of up to four feet in either direction Some people actually got nauseous from the constant swaying some would leave the building to get a break Just another day

on the bond trading floor of a major investment bank where I worked My head hurt from last nights imbibing to the wee hours with friends I was now in the land of relentless harassment and pressure Lunch at my desk where I was chained for most of the day If you ordered a salad to make up for last nights bad decisions you were endlessly ridiculed I was very lucky to have the seat I was in The days were long and tedious but worth the rewards The city was becoming bloated glutted silly with ambition The buildings were higher the morals looser the liquor cheaper We all drank the kool Aid The city was filled with the ethos of the time relishing in frenzy and moneymaking it was the eighties in New York City There are few desires more deeply human than the desire to escape whatever reality you are in The problem is not the nicer your life is the more resources you have to escape it but rather the limits of being a person You are stuck with you Its the precondition of existence I wanted incredible things to happen to me not the slow burning let down of adulthood I was becoming too many parts of myself starting to break apart an urban sauce over cooked Its a very demanding environment that is geared toward survival of the fittest Your energy level goes up along with your radar and your prowess It sparks a certain aggressiveness It breeds insincerity pretensions dishonesty affectation ostentatiousness and irreverence Not very healthy on any level Thats when the letter arrived I had applied to the Peace Corps on an insane impulse not thinking for a second a Wall Street guy would be of any interest to anybody anywhere in any capacity The country of choice was the Kingdom of Tonga in the South Pacific I had never heard of it I ran off to the library to find out more about this remote island chain in Polynesia The Peace Corps had accepted me for a two year stint I would be working for a missionary who would be overseeing the Prison Fellowship International This was an organization born out of the experience of Charles Colson former aide to President Nixon Convicted for a Watergate related offense Colson served seven months in prison During that time he saw and experienced the difference faith in Jesus makes in peoples lives He became convinced that the real solution to crime is found through spiritual renewal He wanted to help men and women turn their lives around Through Christ In 1979 he founded Prison Fellowship International extending the mission and work beyond the United States In 1983 Prison Fellowship International received special consultative status with the Economic and Social Council of the United Nations Now it s the largest most extensive association of national Christian ministries working within the criminal justice field The grassroots presence enables it to minister to prisoners and their families in culturally relevant ways The heart of the ministry is their volunteers that would be me What a complete and utter shock to my system What were they thinking Im not religious nor do I have any experience in this field or anything like it Im a Bond salesman on Wall Street The Kingdom of Tonga was an antidote to New York It was a type of cleansing A revival A chance to see life in the simple light of daily existence Being there required me to learn how to exist in real life without all the usual escapes and distractions Now all of my exits had been taken away from me Pulled right out from under me like the ground itself

Rent Seeking and Human Capital Kurt von Seekamm Jr.,2020-11-18 *Rent Seeking and Human Capital* How the Hunt for Rents Is Changing Our Economic and Political

Landscape explores the debates around rent seeking and contextualizes it within the capitalist economy. It is vital that the field of economics does a better job of analyzing and making policy recommendations that reduce the opportunities and rewards for rent seeking, generating returns from the redistribution of wealth rather than wealth creation. This short and provocative book addresses the key questions: Who are the rent seekers? What do they do? Where do they come from? What are the consequences of rent seeking for the broader economy? And finally, What should policymakers do about them? The chapters examine the existing literature on rent seeking, including looking at the differences between rent seeking and economic rent. The work provides an in-depth look at the case of the impact of rent seeking degrees in the United States, particularly in business and law, and explores potential policy remedies such as a wealth tax, changes to the rules on financial transactions, and patent law reform. This text provides an important intervention on rent seeking for students and scholars of heterodox economics, political economy, inequality, and anyone interested in the shape of the modern capitalist economy.

International Handbook of Globalization and World Cities Ben Derudder, 2012-02-01. This Handbook offers an unrivalled overview of current research into how globalization is affecting the external relations and internal structures of major cities in the world. By treating cities at a global scale, it focuses on the stretching of urban functions beyond specific place locations without losing sight of the multiple divisions in contemporary world cities. The book firmly bases city networks in their historical context, critically discusses contemporary concepts, and key empirical measures and analyses major issues relating to world city infrastructures, economies, governance, and divisions. The variety of urban outcomes in contemporary globalization is explored through detailed case studies. Edited by leading scholars of the Globalization and World Cities GaWC Research Network and written by over 60 experts in the field, the Handbook is a unique resource for students, researchers, and academics in urban and globalization studies, as well as for city professionals in planning and policy.
