**The Buccaneers and Marooners of America: Being an Account of the Famous Adventures and Daring Deeds of Certain Notorious Freebooters of the Spanish Main** Alexandra Olivier Exquemelin,1955-01-01 Why is it that a little spice of deviltry lends not an unpleasantly titillating twang to the great mass of respectable flour that goes to make up the pudding of our modern civilization And pertinent to this question another Why is it that the pirate has and always has had a certain lurid glamour of the heroical enveloping him round about Is there deep under the accumulated dbris of culture a hidden ground work of the old time savage Is there even in these well regulated times an unsubdued nature in the respectable mental household of every one of us that still kicks against the pricks of law and order To make my meaning more clear would not every boy for instance that is every boy of any account rather be a pirate captain than a Member of Parliament And we ourselves would we not rather read such a story as that of Captain Avery s capture of the East Indian treasure ship with its beautiful princess and load of jewels which gems he sold by the handful history sayeth to a Bristol merchant than say one of Bishop Atterbury s sermons or the goodly Master Robert Boyle s religious romance of Theodora and Didymus It is to be apprehended that to the unregenerate nature of most of us there can be but one answer to such a query In the pleasurable

warmth the heart feels in answer to tales of derring do Nelson's battles are all mightily interesting but even in spite of their romance of splendid courage I fancy that the majority of us would rather turn back over the leaves of history to read how Drake captured the Spanish treasure ship in the South Sea and of how he divided such a quantity of booty in the Island of Plate so named because of the tremendous dividend there declared that it had to be measured in quart bowls being too considerable to be counted Courage and daring no matter how mad and ungodly have always a redundancy of vim and life to recommend them to the nether man that lies within us and no doubt his desperate courage his battle against the tremendous odds of all the civilized world of law and order have had much to do in making a popular hero of our friend of the black flag But it is not altogether courage and daring that endears him to our hearts There is another and perhaps a greater kinship in that lust for wealth that makes one's fancy revel more pleasantly in the story of the division of treasure in the pirate's island retreat the hiding of his godless gains somewhere in the sandy stretch of tropic beach there to remain hidden until the time should come to rake the doubloons up again and to spend them like a lord in polite society than in the most thrilling tales of his wonderful escapes from commissioned cruisers through tortuous channels between the coral reefs And what a life of adventure is his to be sure A life of constant alertness constant danger constant escape An ocean Ishmaelite he wanders for ever aimlessly homelessly now unheard of for months now careening his boat on some lonely uninhabited shore now appearing suddenly to swoop down on some merchant vessel with rattle of musketry shouting yells and a hell of unbridled passions let loose to rend and tear

**Candid Science Iv: Conversations With Famous Physicists** Magdolna Hargittai, Istvan Hargittai, 2004-04-08 Candid Science IV Conversations with Famous Physicists contains 36 interviews with well known physicists including 20 Nobel laureates Templeton Prize winners Wolf Prize winners and other luminaries Physics has been one of the determining fields of science in the past 100 years playing a conspicuous role not only in science but also in world politics and economics These in depth conversations provide a glimpse into the greatest achievements of physics during the past few decades featuring stories of the discoveries and showing the human drama behind them The greatest physicists are brought into close human proximity as if readers were having a conversation with them The interviewees span a wide range of scientists from such early giants as Eugene Wigner and Mark Oliphant to members of the youngest generation such as the 2001 Nobel laureate Wolfgang Ketterle The list includes famous personalities of our time such as Steven Weinberg Leon Lederman Norman Ramsey Edward Teller John Wheeler Mildred Dresselhaus Maurice Goldhaber Benoit Mandelbrot John Polkinghorne and Freeman Dyson a Famous Battles and How They Shaped the Modern World, 1588-1943 Beatrice Heuser, Athena S. Leoussi, 2018-11-30 Why are some battles remembered more than others Surprisingly it is not just size that matters nor the number of dead the decisiveness of battles or their effects on communities and civilisations It is their political afterlife the multiple meanings and political uses attributed to them that determines their fame This ground breaking series goes well beyond military history by exploring the transformation of battles into sites of memory and meaning Cast into epic myths of the fight of Good against Evil of punishment for decadence or reward for virtue of the birth of a nation or the collective assertion against a tyrant the defense of Civilisation against the Barbarians Christendom against the Infidel particular battles have acquired fame beyond their immediate contemporaneous relevance The great battles of modern history examined in this second volume range from the defeat of the Armada and the relief of Vienna to Chatham Culloden Waterloo Gettysburg the Somme and Stalingrad In each chapter the historical events surrounding a battle form the backdrop for multiple later interpretations which consciously or unconsciously carry political agendas some for further bloodshed and sacrifice but others for the more recent and laudable phenomenon of reconciliation over the graves of the dead
