

Easier

The Assistant makes child's play of the most tedious jobs in food preparation. It does the whole job . . . you have only to feed it with the ingredients, whilst it works for you.

More appetizing

Food prepared with the Assistant is tastier. It 'works' the ingredients more thoroughly than is possible by hand methods. This means dishes that have more flavour . . . and better preservation of nutritive values.

Faster

The Assistant works fast. It will save you lots of time that can be devoted to a more artistic preparation of the meal . . . or other jobs.

Cheaper

The Assistant soon pays for itself. With it you can utilise the ingredients to the last particle and in a hundred different ways. Inexpensive but appetizing meals, which you would have hesitated to prepare by hand, soon become every-day affairs.
