Ayodeji E. Oke, Pelumi E. Adetoro, Seyi S. Stephen, Clinton O. Aigbavboa, Lukman O. Oyewobi, Douglas O. Aghimien, 2023-07-26 This volume describes risk management practices in the construction industry in selected countries with an emphasis on developing countries and how these countries can learn from the practices in more developed ones Risk management in the construction industry can be difficult to understand due to the various complex procedures that are involved and to the unique concerns and contexts associated with each project The industry has been a key contributor to the economic and social development of many countries of the world and is increasingly incorporating sustainability into its practices However it is plagued by various risks that can affect the quality cost time and overall sustainability of projects Therefore there is need to effectively manage risk in order to ensure timely completion of construction projects in good quality and within budget which in turn results in more efficient and often more sustainable practices The book is divided into four parts The first section features a primer on risk management practices as they pertain to the construction industry The second part dives in to describe risk management in selected developing countries including Malaysia Qatar Saudi Arabia South Africa Sri Lanka and Tanzania as well as the city of Hong Kong The third section describes the construction risk management practices of a selection of more developed countries with known risk management institutes and established practices of risk management These countries include Australia Canada Sweden and United States of America The fourth part offers a general overview of the definition concepts and process of risk management based on reviewed literature It also discusses the benefits of effective risk management to clients and to project teams especially from the perspective of ensuring sustainability This last section also summarizes the risk management practices in both developing and developed countries for the purpose of

improving the practices in the former by learning from the latter
