I wasn't supposed to love him because it was all about business, but foolishly I ended up falling harder than I ever imagined. Unfortunately, I was manipulated into believing we had something real, a bond that nothing or no one could ever break. But then he betrayed me. Delila Prescott was more than just her beauty. Being the oldest, she was all about family until her father forced her hands into marrying one of the most notorious artillery dealers in Atlanta. In an attempt to seal the deal and make her child heir to the throne, Delila finds out she's been deceived. With an agenda filled with revenge, Delila moves with malice intentions while setting a plan of her own in motion. Kincade Pierre, also known as Smoke, is Delia's husband. He wants what's best, but one mishap after another leads them down a rocky road that they may not be able to recover from. After numerous failed attempts to complete their family, Smoke turns to his younger brother for a helping hand in marrying Delila's sister, Emerie. Emerie, also known as Em, had always been the troubled child. She lives by the code: shoot first and ask questions later. However, what happens when the man on the opposite end of her gun is closer to home than she thinks? Being coerced into a marriage for the sake of a coin, Emerie and Kaire try to manage their love-hate relationship. Living their lives on the verge of killing each other daily, Cupid strikes, and they fall in love, causing a rift in the plans of their family. Secrets are exposed, hearts are broken, but what happens when love just isn't enough? Will their families stick together? Or will the secrets become too much to bare, leaving one family on the brink of death at the hands of the other?
