1. What do you think the "strong" or "stronger" group is? Remember the sentence "I hope the strong group will" - it is about a "strong" group, not a "stronger" group, which is not necessarily a higher level of achievement than other groups are achieving. The "strong" group is the one that is the most likely to be successful in the future. Remember that it is the only group that is the most likely to be successful in the future.
