The structure is very similar to that of a thesis or a scientific paper. You will be able to use a large fraction of the material of the thesis proposal in your final master thesis. Of course, the size of the individual projects at the end of the fall will vary, and therefore also the format of the elements discussed below.

#### Title page

- and author, institution, department, research master, master's institution & email address, advisor's name, institution and email address, and date of delivery

#### Abstract

- its length should not exceed ~200 words
- present a brief introduction to the issue
- make the key statement of your thesis
- give a summary of how you want to address the issue
- include a possible implication of your work, if reasonably completed

#### Table of contents
