## **Memoirs Or Diary Of A Madman:**

Memoirs; Or, Diary of a Madman Nikolai Gogol, 2014-11-25 This early work by Nikolai Gogol was originally published in 1835 and we are now republishing it with a brand new introductory biography. Memoirs or Diary of a Madman is a short story about the life of a minor civil servant during the repressive era of Nicholas I. Following the format of a diary, the story shows the descent of the protagonist Poprishchin into insanity. Nikolai Vasilievich Gogol was born in Sorochintsi, Ukraine, in 1809. In 1831, Gogol brought out the first volume of his Ukrainian stories, Evenings on a Farm Near Dikanka. It met with immediate success and he followed it a year later with a second volume, The Nose. The Nose is regarded as a masterwork of comic short fiction and The Overcoat is now seen as one of the greatest short stories ever written. Some years later, Dostoyevsky famously stated, "We all come out from Gogol's Overcoat." He is seen by many contemporary critics as one of the greatest short story writers who has ever lived and the Father of Russia's Golden Age of Realism.

Memoirs of a Madman Nikolai Gogol, 2022-03-29 Memoirs of a Madman is a fascinating short story following Poprishchin, a minor civil servant, as he descends into insanity. Unique in Gogol's collection, it is the only story he wrote completely from the first person in the form of a number of diary entries. Constantly ridiculed by friends and repressed by the government of Tsarist Russia, he confides all in his journal, documenting his slow decline into insanity. As the only account we have of Poprishchin, we have no idea if the continually fantastical events happening before us are real or simply figments of his imagination. It is a fascinating novel, equally humorous as it is farcical, from talking dogs to tea-thirsty cows. If you liked Leonardo DiCaprio's Shutter Island, you'll love this short. Nikolai Vasilievich Gogol was one of the first writers to adopt surrealism and the grotesque in his work. As well as being one of Russia's most acclaimed authors, he is acknowledged as one of the founders of the short story genre alongside Nathaniel Hawthorne and E. T. A. Hoffman. His early writing was largely inspired by his time spent growing up in Ukraine, its culture, and its folklore, while his later writing targeted and satirised the political corruption of the Russian Empire. His unique and strange form of writing, similar to the ostranenie technique, allowed his audience to see familiar topics and stories from a completely new perspective. Acknowledged for his brilliance by many acclaimed authors such as Fedor Dostoevsky, his best works include Dead Souls, Taras Bulba, and Evenings on a Farm Near Dikanka.

Stahl, 2003-02-28 Although still virtually unknown in the West Oka Shōhei 1909-1988 is one of Japan's most important and influential writers and social critics The Burdens of Survival is both a seminal English language study of this preeminent literary figure and one of the first scholarly works to thoroughly examine the war literature of a major Japanese veteran author Drawing on Robert Jay Lifton's work on traumatic experience and survivor psychology the book tells the illuminating story of Oka's arduous journey that began with guilt-ridden survival as a prisoner of war in the Philippines and culminated some twenty-five years later in the fruitful completion of survivor mission David C. Stahl examines Oka's battlefield memoirs including the established war classic *Fires on the Plain* 1952 in terms of extreme experience survivor guilt bearing witness and the inability to mourn Writing enabled Oka to give cathartic expression to his haunting battlefield experience and made it possible for him to move from blame-shifting to empathy and mourning The lengthy exhaustively researched historical work *The Battle for Leyte Island* 1967-1969 faithfully details the personal and collective experience of battle deprivation and loss and clarifies who and what was ultimately responsible for defeat Toward the end of this work and *Return to Mindoro Island* 1969 Oka draws attention to the outstanding obligations owed by his countrymen to the war dead and suggests how they can be fulfilled by public confrontation learning the lessons of defeat and using them to rectify lingering social and political evils

**Hermann Hesse's Fictions of the Self** Eugene L. Stelzig, 2014-07-14 This masterful synthesis of criticism and biography surveys all of Hermann Hesse's major works and many of his minor ones in relation to the intricate psychological design of his entire life history Eugene Stelzig examines what it means to be an autobiographical writer by considering Hesse's fictions of the self as an exemplary instance of the relationship between life and art and between biography and autobiography In a graceful and inviting style he frees this major confessional writer from the confines of German culture and the status of cult figure of the 1960s and situates him in the tradition of world literature and in a variety of literary psychological philosophical and religious contexts Three introductory chapters on autobiography and Hesse set the stage for a chronological study Then follows a penetrating analysis of the balance between biographical fact and confessional fantasy in Hesse's long career from the failed autobiography of his first literary success *Beneath the Wheel* through the protracted midlife crisis of the grotesque *Steppenwolf* period to the

visionary autobiography of his magisterial fictional finale *The Glass Bead Game* Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Literary Remains** Eileen J. Cheng, 2013-04-30 Lu Xun 1881-1936 arguably twentieth century China's greatest writer is commonly cast in the mold of a radical iconoclast who vehemently rejected traditional culture The contradictions and ambivalence so central to his writings however are often overlooked Challenging conventional depictions Eileen J Cheng's innovative readings capture Lu Xun's disenchantment with modernity and his transformative engagements with traditional literary conventions in his modern experimental works Lurking behind the ambiguity at the heart of his writings are larger questions on the effects of cultural exchange accommodation and transformation that Lu Xun grappled with as a writer How can a culture estranged from its vanishing traditions come to terms with its past How can a culture severed from its roots and alienated from the foreign conventions it appropriates conceptualize its own present and future *Literary Remains* shows how Lu Xun's own literary encounter with the modern involved a sustained engagement with the past His creative writings which imitate adapt and parody traditional literary conventions represent and mirror the trauma of cultural disintegration in content and in form His contradictory uncertain and at times bizarrely incoherent narratives refuse to conform to conventional modes of meaning making or teleological notions of history opening up imaginative possibilities for comprehending the past and present without necessarily reifying them Behind Lu Xun's refusal to mourn that is his insistence on keeping the past and the dead alive in

writing lies an ethical claim to recover the redemptive meaning of loss Like a solitary wanderer keeping vigil at the site of destruction he sifts through the debris composing epitaphs to mark both the presence and absence of that which has gone before and will soon come to pass For in the rubble of what remains he recovered precious gems of illumination through which to assess critique and transform the moment of the present Literary Remains shows how Lu Xun's literary enterprise is driven by a radical hope that in spite of the destruction he witnessed and the limits of representation his writings like the texts that inspired his own might somehow capture glimmers of the past and the present and illuminate a future yet to unfold Literary Remains will appeal to a wide audience of students and scholars interested in Lu Xun modern China cultural studies and world literature

Milos Forman's *One Flew Over the Cuckoo's Nest* experiences realities, bodies, moods, problematizes diagnostic categories and proposes more radically open models of thinking in relation to experiences of madness touching upon works such as Richard Kelly's *Donnie Darko* and Duncan Macmillan's *People, Places and Things*. **Nabokov's Art of Memory and European Modernism** John Burt Foster, Jr., 1993-02-08. Despite Vladimir Nabokov's hostility toward literary labels, he clearly recognized his own place in cultural history. In a fresh approach stressing Nabokov's European context, John Foster shows how this writer's art of memory intersects with early twentieth-century modernism. Tracing his interests in temporal perspective and the mnemonic image in intertextual reminiscences and in individuality amid cultural multiplicity, the book begins with such early Russian novels as *Mary*, then treats his emerging art of memory from *Invitation of a Beheading* to *The Gift*. After discussing the author's cultural repositioning in his first English novels, Foster turns to Nabokov's masterpiece as an artist of memory, the autobiography *Invitation of a Beheading* and ends with an epilogue on *Pale Fire*. As a cross-cultural overview of modernism, this book examines how Nabokov navigated among Proust and Bergson, Freud and Mann, and Joyce and Eliot. It also explores his response to Baudelaire and Nietzsche as theorists of modernity and his sense of Dostoevsky, Tolstoy, and Pushkin as modernist precursors. As an approach to Nabokov, the book reflects the heightened importance of autobiography in current literary study. Other critical issues addressed include Bakhtin's theory of intertextuality, deconstructive views of memory, Benjamin's modernism of memory, and Nabokov's assumptions about modernism as a concept.

**Morality and the Literary Imagination** Gabriel R. Ricci, 2017-07-12. In a letter to Boccaccio, Petrarch extolled the virtue of poetry and letters for promoting an understanding of both human nature and morals. The letter was designed to console him after hearing a prediction that he was soon to die and that he ought to renounce poetry. The prophecy came from an elder renowned for his piety, but Petrarch admonished that too often dishonesty and fraud are couched in religious sentiments. Nothing, not even death, according to Petrarch, ought to divert us from literature. For Petrarch, Virgil was the source for understanding how literary studies not only promote eloquence but

enhance morals If anything literature dispels the fear of death The claims of this volume is that it may be the case that the virtuous life can be achieved by those ignorant of letters but a more direct and certain route is guaranteed by a devotion to literature The collected works in this new volume of the Transaction series Religion and Public Life heeds Petrarch's advice that literature not only orients us to life's developmental stages it can provide us with a more complete understanding of the human character while artfully advancing morals To this end Michelle Darnell's opening chapter entitled A New Age of Reason explains how existentialism is an argument for how literature can take on philosophical form not as formal argument but as persuasive narrative Over the objections of even those who study Sartre Darnell uses Sartre's The Age of Reason as a model and shows how his literary output was a legitimate philosophical inquiry In addition to the Darnell piece the volume boasts a series of outstanding and innovative works by scholars in the field Taken together as a whole these authors not only illustrate the moral consequences of an original choice but oblige the reader to explore the ramifications of such a choice in one's own life

*Using Diaries for Social Research* Andy Alaszewski, 2006-02-15 The author considers the analysis of diaries as a distinctive research technique in its own right He recognises the increased interest in and relevance of diary methodology within social research teaching
