

The background of the book cover is a sepia-toned illustration of a rural landscape. It features several trees with bare branches in the foreground and a small, light-colored building nestled among the trees in the middle ground. The overall tone is warm and historical.

Bourne, 2013-03-01 Bettesworth the old labouring man who in the decline of his strength found employment in my garden and entertained me with his talk never knew that he had been made the subject of a book To know it would have pleased him vastly and there is something tragical in the reflection that he had to wear through his last weary months without the consolation of the little fame he had justly earned and yet it would have been a mistake to tell him of it His up-bringing had not fitted him for publicity On the contrary there was so much danger that self-consciousness would send him boastfully drinking about the parish and make him intolerable to his familiars and useless to any employer that instead of confessing to him what I had done I took every precaution to keep him in ignorance of it and sought by leaving him in obscurity to preserve him from ruin Obscure and unsuspecting he continued his work and his pleasant garrulity went on in its accustomed way Queer anecdotes came from him as plentifully as ever and shrewd observations Now it would be of his harvesting in Sussex that he told now of an adventure with a troublesome horse or an experience on the scaffolding of a building and again he would gossip of his garden or of his neighbours or of the old village life or would discuss some scrap of news picked up at the public house And as this went on month after month although I had no intention of adding to the first book or writing a second on the same lines still it happened frequently that some fragment or other of Bettesworth's conversation took my fancy and was jotted down in my note book But almost until the end no definite purpose informed me what to preserve and what to leave The notes were made for the most part under the influence of whim only Towards the end however a sort of progression seemed to reveal itself in these haphazard jottings His age was telling heavily upon Bettesworth and symptoms of the inevitable change appeared to have been creeping unawares into my careless memoranda of his talk I do not know when I first noticed this it probably dawned upon me very slowly but that it did dawn is certain and in that perception I had the first crude vision of the present volume I might not aim to make another book after the pattern of the first grouping the materials as it pleased me for an artistic end but by reproducing the notes in their proper order and leaving them to tell their own tale it should be possible to engage as it were the co-operation of Nature herself my own part being merely that of a scribe recording at the dictation of events the process of Bettesworth's decay To this idea I formed a year or so before Bettesworth's death I have now tried to give shape Unfortunately the scribe's work was not well done Things that should have been written

down prove to have been overlooked and although in the first few chapters I have gone back to a much earlier period than was originally intended and have preserved the chronological order all through the hoped for sense of progression is too often wanting. It existed in my mind in the memories which the notes called up for me rather than in Bettesworth's recorded conversations. Much explanatory comment therefore which I should have preferred to omit has been introduced in order to give continuity to the narrative.

Memoirs of a Surrey Labourer Henry Sturt, 1911
Memoirs of a Surrey Labourer George Bourne, 1911 *The Complete Autobiographical Works of Frederick Douglass* Frederick Douglass, 2022-11-13 Frederick Douglass's *The Complete Autobiographical Works of Frederick Douglass* presents a profound narrative of resilience and liberation. This compilation integrates several of his notable works including *Narrative of the Life of Frederick Douglass an American Slave* and *My Bondage and My Freedom*, showcasing Douglass's eloquent prose that skillfully merges personal experience with broader socio-political critiques. The literary style is marked by its poignant rhetoric and an inspiring voice that captures the harrowing realities of slavery while also affirming the power of self-emancipation and education. Set against the backdrop of the antebellum United States, the texts serve as crucial historical artifacts that deepen our understanding of American identity and the abolitionist movement. Frederick Douglass (1818-1895), an escaped slave who rose to prominence as a leading orator, writer, and social reformer, was driven by his personal experiences with oppression and his thirst for justice. His life exemplified the struggle for civil rights and human dignity, revealing his extraordinary capacity to articulate the injustices faced by African Americans. Douglass's dedication to the cause of abolitionism and equal rights for all peoples profoundly influenced his writing, making his autobiographical works not only personal reflections but vital critiques of societal injustices. This complete collection is essential reading for anyone seeking to understand the complexities of American history, race relations, and the quest for freedom. Douglass's indomitable spirit and intellectual depth provide readers with a powerful lens through which to examine contemporary issues of inequality and injustice. This work serves as both an inspiration and a call to action, making it a must-read for scholars, students, and those committed to social justice.
