This militarization of educational space has spawned a little noticed grassroots resistance the small but sophisticated counter recruitment movement. Counter recruiters visit schools to challenge recruiters messages with information on non military career options activists work to make it harder for the military to operate in public schools they conduct lobbying campaigns for policies that protect students private information from military recruiters and counter recruiters mentor youth to become involved in these activities. While attracting little attention counter recruitment has nonetheless been described as the military recruiter's greatest obstacle by a Marine Corps official.
