Migration and Health Sandro Galea,Catherine K. Ettman,Muhammad H. Zaman,2022-11-25 A new introduction to a timeless dynamic how the movement of humans affects health everywhere International migrants compose more than three percent of the world s population and internal migrants those migrating within countries are more than triple that number Population migration has long been and remains today one of the central demographic shifts shaping the world around us The world s history and its health is shaped and colored by stories of migration patterns the policies and political events that drive these movements and narratives of individual migrants Migration and Health offers the most expansive framework to date for understanding and reckoning with human migration s implications for public health and its determinants It interrogates this complex relationship by considering not only the welfare of migrants but also that of the source destination and ensuing generation populations The result is an elevated interdisciplinary resource for understanding what is known and the considerable territory of what is not known at an intersection that promises to grow in importance and influence as the century unfolds

Migrants and Health Christiane Falge,Carlo Ruzza,2016-04-22 Integrating newcomers and minorities into the social fabric of receiving countries has become one of the crucial challenges of contemporary Western societies This volume seeks to understand patterns of changing institutional practices and public policies where the challenges of including cultural diversity into the social fabric are most pronounced namely the health care system In recent years pro migrant organizations

and anti racist activists have repeatedly voiced and politicized demands to improve migrants access to the health care system giving rise to a lively debate about migrants access to health care and responsiveness of institutions to their needs In a nutshell the book achieves the following Provides a conceptual framework to link patterns of political advocacy mobilization and processes of migrants socio political inclusion Integrates the multi disciplinary literature on political mobilization and accommodating cultural diversity in an innovative fashion Presents a comparative study on accommodating diversity in the health care system from a comparative transatlantic perspective Generates insight into best practices in the health care system that will be of interest to scholars as well as practitioners in the field The analysis of health care provision offers an opportunity to test new public policy strategies and the policy consequences of the now widespread aspiration to include citizens more fully in designing and implementing them
