,1996-01-25 *Stalinist Terror in Eastern Europe* Kevin McDermott,Matthew Stibbe,2024-06-04 This wide ranging collection of essays newly available in paperback is the first book in English to examine the impact of Stalinist terror on Eastern Europe in the years 1940 to 1956 Covering the Baltic states Moldavia East Germany Poland Czechoslovakia Hungary Romania Yugoslavia Bulgaria and Albania the authors investigate terror both from above in the form of elite purges and show trials and from below in the guise of large scale arrests and deportations of ordinary people Key questions addressed include the relative importance of Soviet influence versus local factors the persecution of particular groups such as kulaks church leaders the middle class intelligentsia and members of non communist left wing parties cases where repression was more or conversely less intense than elsewhere and the relevance of key events such as the Tito Stalin split of 1948 the Rajk trial of 1949 and the Sl nsk trial of 1952

Post-communism, Democracy, and Illiberalism in Central and Eastern Europe after the fall of the Soviet Union Matei Gheboianu,Daniela Popescu,2023-12-06 Post communism Democracy and Illiberalism in Central and Eastern Europe after the fall of the Soviet Union explores how the downfall of communism brought about a difficult transition for Eastern and Central Europe The collapse of communism in this region varied from one case to another and the consequences of this process can still be noticed to varying degrees today Although most of the countries that were part of the former Soviet bloc are now members of the NATO or of the European Union and the democratic system in these areas seems to be a solid one the last ten years have indicated a declining trust of the citizens in political institutions and a degradation of political systems which keeps generating vocal manifestations of populism and Euroscepticism The end of the 1990s marked the final shift towards democracy with the accession of the first states to NATO and the beginning of accession negotiations with the European Union The process of consolidating democracies seemed to be an irreversible one and steps towards respect for human rights freedom of expression and the development of economies that functioned according to the rules of the free market gave hope for a very fast path to reduce the gaps in relation to Western democracies
