I will go on a diet.

I will find my prince.

I will drink more water.

I will not disappoint the master.

I will hire someone to hand out the gifts.

I will tell her I love her.

I will not waste so much time sleeping.

I will work less.

I will build a new factory.

I will learn how to juggle.

I will get a dog.

I will not forget my pants home when I have a trial.

I will charge more for my eggs.

I will quit smoking.

I will teach my grandma how to skype.

I will let out everyone once it dries up.

I will pay more attention to the road.

I will stick to my new year's resolutions.

I will be open to discussing our problems.

I will move islands.

Mental Pills That Heal a Helping Hand Robert Stovall, 2022-05-04 Mental Pills That Heal is a motivational and inspirational self-help book for mental and spiritual empowerment It is premised on the notion that one idea can change one's life forever This is not a religious book per se but it does embrace many of the principles that are common to the wisdom and spirit of the Judeo-Christian ethic and other world philosophies For better or for worse more and more people want everything in capsule form including solutions to problems and ways of coping with personal problems current or potential when there is no time nor desire to read a long narrative or see a professional practitioner However Mental Pills That Heal certainly does not intend to take the place of a professional practitioner when needed but it does give people some very powerful mental pills to work with independently or in conjunction with a professional practitioner This book is made up

of original quotations affirmations skits and narratives The dialogues included in some chapters are designed to help children and teenagers see through the eyes of mature adults and hopefully generate meaningful discussions Each statement in the book is written as a prescription for the mind body and soul complex in much the same manner that a doctor would write a prescription for a physical problem but with the love and care of many years of service and sharing with people throughout the world I believe the time has come when we must acknowledge with greater appreciation the important role that thoughts and ideas play in the mind/body relationship Being convinced of the power of an idea in this book I have prescribed mental pills for those with personal concerns and the need to grow in many areas of their lives I bring my soul and life energies to these pages and I invite you to connect with me and others and form a more powerful healing network for planet earth and the entire human race
