Using a tutorial-like approach, the book shows beginning and intermediate photographers how to take still images and record video with the HX80 and HX90V and explains when and why to use the cameras' many features. The book provides details about the cameras' automatic and advanced shooting modes as well as their menu options for shooting, playback, setup, and using Wi-Fi connections with in-camera apps. The book has more than 400 color photographs that illustrate the cameras' controls, display screens, and menus. The book also provides introductions to topics such as street photography, macro photography, and getting the most benefit from the superzoom lens. The book includes a full discussion of the video features of the HX80 and HX90V, which can shoot HD movies and which offer manual control of exposure during movie recording. In three appendices, the book discusses accessories for both models, including cases, power sources, and remote controls, and includes a list of websites and other resources for further information.
