Technical Analysis of Stocks and Commodities ,2006

Breakthrough Trading Leon Wilson,2016-05-04 Leon

Wilson has been trading shares for a living for 11 years He is a firm believer that to succeed in any business it is necessary to always be looking for a better way of doing things Part of his trading approach is to question conventional wisdom and push the boundaries of accepted technical analysis theory The contents of this fascinating new book reveal what Wilson believes to be a major breakthrough in technical analysis He tests the edge that this new charting analysis can offer any serious trader and the results are astounding In what he believes to be a world first Wilson has succeeded in adapting common and popular indicators including volume to price action Instead of viewing a non price based indicator such as the relative strength indicator in a separate box at the bottom of the chart Wilson explains how it can be plotted as a channel on price action creating the Wilson channel Moving beyond default settings and combining the channels with various entry and exit strategies Breakthrough Trading can dramatically improve your yearly returns
