that although the destination can be spectacular it's the journey that truly matters In Defying Limits Dave shares the events that have defined his life showing us that whether we're gravity defying astronauts or earth bound terrestrials we can all live an infinite fulfilled life by relishing the value and importance of each moment The greatest fear that we all face is not the fear of dying but the fear of never having lived Each of us is greater than we believe And together we can exceed our limits to soar farther and higher than we ever imagined
