International Social Entrepreneurship J. Mark Munoz,2010-06-14 The book is attractive to the target readers for the following reasons 1 there has been a growing interest in the topic of social entrepreneurship and yet there are limited academic materials this book will offer a concise straight forward compilation of theories concepts and cases 2 with globalization students and executives have been empowered to make positive impact around the world this book will identify and discuss viable strategies 3 in today s business environment many students and executives have been responsive to global issues this book will provide fresh insights on citizenship in a global environment      **Investment Management** Ramanna Vishwanath,Chandrasekhar Krishnamurti,2009-04-21 Sound investment decisions require an in depth knowledge of the financial markets and available financial instruments This book provides students and professionals with an understanding of the role and activities of an equity security analyst within the investment process Emphasis is on understanding the process of analyzing companies the valuation process and the challenges of achieving success in a highly competitive capital market The authors present a comprehensive compendium on the financial theory the empirical evidence and the mathematical tools that form the underlying principles of investment decisions      **Profits and Sustainability** Geoffrey Jones,2018-01-26 Are profits and sustainability compatible This book brings unique perspectives to this key debate by exploring the history of green entrepreneurship since the nineteenth century and its spread globally in industries including renewable energy organic food natural beauty ecotourism recycling architecture and finance The book uses the lens of the extraordinary and often eccentric men and women who defied convention and imagined that business could help save the planet rather than consume it The social and religious beliefs that drove many of these individuals are explored as the book looks at how they overcame huge obstacles to execute their strategies The green entrepreneurs seen here are shown to have created new markets and industries and driven innovations in sustainable practices even at times when most consumers and governments

marginalized the entire subject The struggles of early pioneers appear to have been rewarded by the growth of environmental awareness among consumers business leaders and others in recent years but the Earth s environmental health continues to deteriorate If profits and sustainability have proved challenging to reconcile the book argues that one reason was how they were both defined
