**Emma's 'Awakening' and its Timelessness** Jenny Roch, 2006-01-17 Seminar paper from the year 2005 in the subject English Language and Literature Studies Literature grade 17 20 University of Glasgow Department of English Literature course Romanticism Module 16 University of Glasgow language English abstract This essay will focus on why and how the heroine of the eponymous novel Emma undergoes a development in her character and how she comes to be at the end of the novel more mature than at the beginning Emma's situation in life is disclosed on the very first page of the novel Miss Woodhouse is handsome clever and rich with a comfortable home and a happy disposition 6 Throughout the chapter the reader learns that her father is a nervous man easily depressed of gentle selfishness 7 Their situation of just having lost poor Miss Taylor is described as an enormous loss to both father and daughter The narrator for his part enables the reader from the very start to eye Emma critically as he deems the real evils of her situation the power of having too much her own way and a disposition to think a little too well of herself However the danger of this is unperceived 10 by Emma and the narrator makes it clear from the very first page that the reader can expect at least some of the action of the novel to stem from this weakness and that it is on this blindness that the further development of Emma's character will always depend Instead of getting herself involved in a romantic relationship she makes them for others In the very first chapter after the wedding of Miss Taylor and Mr Weston she proudly proclaims that she made the match her self but after some rebuke from Mr Knightley who suspects it to be a fantasy in her head that happens to have come true Emma has to yield to the fact that it was indeed a lucky guess But Miss Taylor is indeed now Mrs Weston and Emma sees this as a success good enough to encourage her to continue with her talent Her next object or should one say victim unlucky enough to taste the ambition of Emma's heart is Harriet Smith an orphaned young lady who lives in Mrs Goddard's boarding school

*Jane Austen and the Price of Happiness* Inger Sigrun Brødtkjær Brodey, 2024-06-11 Do Jane Austen novels truly celebrate or undermine romance and happy endings How did Jane Austen become a cultural icon for

fairy tale endings when her own books end in ways that are rushed ironic and reluctant to satisfy readers thirst for romance In Jane Austen and the Price of Happiness Austen scholar Inger Sigrun Bredkjær Brodey journeys through the iconic novelist's books in the first full length study of Austen's endings Through a careful exploration of Austen's own writings and those of the authors she read during her lifetime as well as recent cultural reception and adaptations of her novels Brodey examines the contradictions that surround this queen of romance Brodey argues that Austen's surprising choices in her endings are an essential aspect of the writer's own sense of the novel and its purpose Austen's fiercely independent and deeply humanistic ideals led her to develop a style of ending all her own Writing in a culture that set a monetary value on success in marriage and equated matrimony with happiness Austen questions these cultural norms and makes her readers work for their comic conclusions carefully anticipating and shaping her readers emotional involvement in her novels Providing innovative and engaging readings of Austen's novels Jane Austen and the Price of Happiness traces her development as an author and her convictions about authorship novels and the purpose of domestic fiction In a review of modern film adaptations of Austen's work the book also offers new interpretations while illustrating how contemporary ideas of marriage and happiness have shaped Austen's popular currency in the Anglophone world and beyond

#### **An Ethics of Becoming** Sonjeong

Cho,2014-02-04 In attempting to conceptualize feminine subjectivity beyond the familiar paradigm of dualism and within the parameters of ethics this study examines the political and intellectual identity of contemporary poststructuralist feminism and its profound resonance with the nineteenth century British female Bildungsroman Rooted in fundamental questions about the nexus between feminist theory and feminist literature genre and gender subjectivity and ethics sexuality and textuality and mimesis and politics this book aims specifically to configure feminine subjectivity in the horizon of becoming always incomplete non identarian performative unknowable and thus paradoxically unbecoming as it disseminates in a modality of alterity in novels by Jane Austen Charlotte Brontë and George Eliot The close reading of major novels by these women writers illuminates the artistic density and ethical depth of their writing by demonstrating that these women writers rewrite the genealogy of subjectivity and invent their own Bildungsroman as a rich narrative vehicle for the feminine

**Written Maternal Authority and Eighteenth-Century Education in Britain** Rebecca Davies, 2016-02-11. Examining writing for and about education in the period from 1740 to 1820, Rebecca Davies's book plots the formation of a written paradigm of maternal education that associates maternity with educational authority. Examining novels, fiction for children, conduct literature, and educative and political tracts by Samuel Richardson, Sarah Fielding, Mary Wollstonecraft, Maria Edgeworth, Ann Martin, Taylor, and Jane Austen, Davies identifies an authoritative feminine educational voice. She shows how the function of the discourse of maternal authority is modified in different genres, arguing that both the female writers and the fictional mothers adopt maternal authority and produce their own formulations of ideal educational methods. The location of idealised maternity for women, Davies proposes, is in the act of writing educational discourse rather than in the physical performance of the maternal role. Her book contextualizes the development of a written discourse of maternal education that emerged in the enlightenment period and explores the empowerment achieved by women writing within this discourse, albeit through a notion of authority that is circumscribed by the rules of a discipline.

Greenfield, 2001-01-01 In 1995 and 1996 six film or television adaptations of Jane Austen's novels were produced an unprecedented number More amazing all were critical and or box office successes What accounts for this explosion of interest Much of the appeal of these films lies in our nostalgic desire at the end of the millennium for an age of greater politeness and sexual reticence Austen's ridicule of deceit and pretentiousness also appeals to our fin de siècle sensibilities The novels were changed however to enhance their appeal to a wide popular audience and the revisions reveal much about our own culture and its values These recent productions espouse explicitly twentieth century feminist notions and reshape the Austenian hero to make him conform to modern expectations Linda Troost and Sayre Greenfield present fourteen essays examining the phenomenon of Jane Austen as cultural icon providing thoughtful and sympathetic insights on the films through a variety of critical approaches The contributors debate whether these productions enhance or undercut the subtle feminism that Austen promoted in her novels From Persuasion to Pride and Prejudice from the three Emmas including Clueless to Sense and Sensibility these films succeed because they flatter our intelligence and education And they have as much to tell us about ourselves as they do about the world of Jane Austen This second edition includes a new chapter on the recent film version of Mansfield Park

*The Western Home* Orm Øverland, 1996 *The Western Home* A Literary History of Norwegian America is a history of American literature. It is different from other histories of American literature in that the language of the writers and their readers was not English. There have been studies of American authors who have used languages such as French, German, Spanish or Swedish but this is the first comprehensive history of any literature written and read in the United States in another language than English. Indeed most histories of American literature are based on the theory that English is the only American literary language. Such a theory however dismisses the fact that English has in periods been a minority language in many areas. In this book American literature is the literature of people who are American by choice or by birth regardless of the language they may have used. This book demonstrates that Norwegian has indeed been an American literary language and that many of the American writers in this language deserve our attention.

Flaubert and Kafka Charles Bernheimer, 1982-01-01 Although their styles appear remarkably different Flaubert and Kafka share a common identification with the writing process itself. *I am a human pen* wrote Flaubert. *I am nothing but literature* declared Kafka. This stimulating book is the first to explore the link between these writers. Introducing his conception of psychopoetics Charles Bernheimer brings new clarity to many controversial issues in psychoanalysis, rhetoric and critical theory. In chapters on Flaubert and Kafka he probes the desires and fears motivating each writer's search for a fully satisfying literary style. His interpretation of the strategies the authors adopt to harness the negativity of writing reveals the creative function of such psychological phenomena as narcissism, fetishism and sadomasochism. The major works Bernheimer argues dramatize the conflict between the structures of Eros and Thanatos, metonymy and metaphor through which they are constituted. From this illuminating perspective he traces the genesis of each writer's mature style, analyzes two early works *La Tentation de saint*

Antoine and The Judgment and examines two late masterpieces Bouvard et Panchette and The Castle applying to the latter Walter Benjamin's description of the allegorical mode This highly original work of theoretical criticism will interest not only readers of Flaubert and Kafka but all students of literary theory and the creative process
