Employee Well-being Support Andrew Kinder, Rick Hughes, Cary L. Cooper, 2008-04-30 Employees have a set of needs as part of the psychological contract of employment. However, organizations operate for a reason and they too have agendas and needs. It is how the two come together that determines the capacity for good human relations and optimum productivity. *Employee Well-being Support* is an edited collection of expert contributions that explores all key issues in this increasingly critical area. **101 Sample Write-Ups for Documenting Employee Performance Problems** Paul Falcone, 2010-03-24

Whether you're addressing an initial infraction or handling termination-worthy transgressions, you need to be 100 percent confident that every employee encounter is clear, fair, and most importantly, legal. Thankfully, HR expert Paul Falcone has provided this wide-ranging resource that explains in detail the disciplinary process and provides ready-to-use documents that eliminate stress and second-guessing about what to do and say. Revised to reflect the latest developments in employment law, the third edition of *101 Sample Write-Ups for Documenting Employee Performance Problems* includes expertly crafted, easily customizable write-ups that address sexual harassment, absenteeism, insubordination, drug or alcohol abuse, substandard work, email and phone misuse, teamwork issues, managerial misconduct, confidentiality breaches, social media abuse, and more. With each sample document also including a performance improvement plan, outcomes and consequences, and a section of employee rebuttal, it's easy to see why over 100,000 copies have already been sold, making life for managers and HR personnel significantly easier when it comes to addressing employee performance issues. *What is Counselling and Psychotherapy?* Norman Claringbull, 2010-01-06 Written specifically for students on counselling and psychotherapy courses, this book gives an overview of the profession from its early beginnings in psychotherapy and psychoanalysis through the development of the different schools and approaches of talking therapies, including psychodynamic, cognitive behavioural, and person-centred approaches. Working within various sectors such as the commercial, educational, and public is also considered and discussed.
