Encountering Ancient Voices Corrine L. Carvalho, 2013 *A CHRISTIAN PERSPECTIVE ON ISLAM'S ORIGINS*
Gabriel Aryeh, 2024-01-24 A BRIEF SYNOPSIS OF A CHRISTIAN PERSPECTIVE ON ISLAM After several interactions with Muslims of distinct sects in the Bronx community NYC schools and the workplace through the decades Aryeh observed how some professing Christians were led to believe in the Islamic claim of Muhammad's legitimacy as a prophet Although a few maintained the belief that Jesus remained holy as a prophet they suggested he was a mere man and abandoned their past confessions regarding his divinity Nevertheless the more astounding claim many ex Christians and Muslims made suggested that the Jewish and Christian God found in the Bible identified as the same deity of the Qur'an Hence these claims above initiated the primary reasons for delving deep into the study of Islam and writing this book for the sake of not only reaching many believers who erred from Christianity but the Muslims who believed that Allah identified as the God of the Jews and Christians Indeed the enormous task of disproving Islam as an extension of the Abrahamic faith required many investigations into the questions raised by such astonishing claims This book makes deep inquiries into the historical and theological assertions found in the Islamic faith concerning Allah Muhammad and the religious practices observed today which have survived for little over fourteen centuries Consequentially the unfortunate misconceptions taught about Islam in many church pulpits since the early days of this researcher's youth stemmed from books found in academia and some Christian libraries which promoted a worldwide narrative by selective favorable historical accounts based on political ideologies instead of rigorous theological investigation The Christian perspective on Islam examines the theological origins of the Islamic faith by first investigating the geographical locations alleged as the nascent religion's early beginnings by exploring the historical and societal development of the Arab peoples Second this book probes the legitimacy of Muhammad as a divinely ordered prophet by consulting the Judaic traditions derived from the Jewish Scriptures explaining the qualifications of authentic prophethood Finally the sequential order of inquiry laid out above will highlight the emergence of the theology and residual religious rituals observed today in the Islamic world and therefore conclusively demonstrate that Islam remains unaligned with its Jewish and Christian predecessors **The Christian Theological Tradition** Mark McInroy, Michael J. Hollerich, 2019-07-26 The fourth edition of *The Christian Theological Tradition* provides students with essential theological knowledge of key persons and events of the Bible and the Christian faith and of Christianity's multifaceted encounter with Western culture Historically arranged the textbook addresses major theological themes such as revelation God Jesus Christ Creation salvation and the church The textbook deals with the entire Christian tradition from an orientation that is both

Prophets Male and Female

,2013-06-05 Because gender is an essential component of societies of all times and places it is no surprise that every prophetic expression in the ancient social world was a gendered one In this volume scholars of the biblical literature and of the ancient Mediterranean consider a wide array of prophetic phenomena In addition to prophetic texts of the Hebrew Bible the essays also look at prophecy in ancient Mesopotamia and early Christianity Using the most current theoretical categories the volume demonstrates how essential a broad definition of gender is for understanding its connection to both the delivery and the content of ancient prophecy Attention to gender dynamics will continue to reveal the fluidity of prophetic gender performance and to open up the ancient contexts of prophetic texts The contributors are Roland Boer Corrine Carvalho Lester L Grabbe Anselm C Hagedorn Esther J Hamori Dale Launderville Antti Marjanen Martti Nissinen Jonathan St kl Hanna Tervanotko and Ilona Zsolnay

The Bible as Political Artifact Susanne Scholz, 2017-10-15 Biblical studies and the teaching of biblical studies are clearly changing though it is less clear what the changes mean and how we should evaluate them Susanne Scholz casts a feminist eye on the politics of pedagogy higher education and wider society decrypting important developments in the architecture of educational power She also examines how the increasingly intercultural interreligious and diasporic dynamics in society inform the hermeneutical and methodological possibilities for biblical exegesis Taken as a whole the fourteen chapters demonstrate that the foregrounding of gender placed into its intersectional contexts offers intriguing and valuable alternative ways of seeing the world and the Bible's place in it
