Encyclopedia Brown Finds The Clues Study Guide:

The Essential Guide to Children's Books and Their Creators , Upon publication Anita Silvey's comprehensive survey of contemporary children's literature *Children's Books and Their Creators* garnered unanimous praise from librarians, educators, and specialists interested in the world of writing for children. Now *The Essential Guide to Children's Books and Their Creators* assembles the best of that volume in one handy, affordable reference geared specifically to parents, educators, and students. This new volume introduces readers to the wealth of children's literature by focusing on the essentials: the best books for children, the ones that inform, impress, and most important, excite young readers. Updated to include newcomers such as J. K. Rowling and Lemony Snicket and to cover the very latest on publishing and educational trends, this edition features more than 475 entries on the best-loved children's authors and illustrators, numerous essays on social and historical issues, thirty personal glimpses into craft by well-known writers, illustrators, and critics, and invaluable reading lists by category. *The Essential Guide to Children's Books and Their Creators* summarizes the canon of contemporary children's literature in a practical guide essential for anyone choosing a book for or working with children. *The New York Times Parent's Guide to the Best Books for Children* Eden Ross Lipson, 2000-11-14. The Classic Guide That Helps You Select the Books the Child You Know Will Love. In this third, fully revised and updated edition of *The New York Times Parent's Guide to the Best Books for Children*, the children's book editor of *The New York Times Book Review* personally selects and recommends books for children of every age. The most comprehensive and authoritative book of its kind has been completely updated for the new millennium. It contains hundreds of new entries, many expanded descriptions, and notations of additional companion and related titles, more than 1,700 in all. The best-loved classics of the twentieth century are included, as well as a thoughtful selection of outstanding titles from the last decade. Six sections are organized according to reading level: Wordless, Picture, Story, Early Reading, Middle Reading, and Young Adult. In addition to a summary of the book, each entry provides the essential bibliographic information you need to find a book in your local library or bookstore, including title, author, and/or illustrator, hardcover and/or paperback, publisher, and publication year, major awards, related titles. The unique and most popular feature of the guide is its system of special indexes, more than sixty in all. They make it easy for parents and grandparents, teachers, and librarians, even children themselves, to match the right book to the right child. Browse through the indexes and find titles for every interest and mood: picture books about cats, mice, or dinosaurs for babies; funny books to read aloud to toddlers; series about family life or school or fantasy adventures for a middle-grade child; books on divorce or death and coming of age; novels just right for someone starting junior high school. There are also indexes for books about minorities and religion, an age-appropriate reading level index, and much more. Lavishly decorated with more than three hundred illustrations from representative titles, the guide also features extra-wide margins for notes on which of your children liked which book, at what age, and why. Thus the guide becomes a family reading record as well as an invaluable resource you'll use
