Encyclopaedia Britannica. 15th ed, 1989 **Library Guide to Encyclopaedia Britannica, 15th Edition**, 1981-01-01 **Robert Hayden** Pontheolla T. Williams, 1987 *Interpreting Censorship in Canada* Allan C. Hutchinson, Klaus Petersen, 1999-01-01 Socially organized activity cannot occur without censorship Going beyond ideological arguments this collections of essays explores the extent of censorship in Canada today the forms censorship takes and the interests it serves **The Mahabharata, Volume 7** James L. Fitzgerald, 2020-07-10 What is found in this epic may be elsewhere What is not in this epic is nowhere else from The Mahabharata The second longest poem in world literature The Mahabharata is an epic tale replete with legends romances theology and metaphysical doctrine written in Sanskrit One of the foundational elements in Hindu culture this great work consists of nearly 75 000 stanzas in eighteen books and this volume marks the much anticipated resumption of its first complete modern English translation With the first three volumes the late J A B van Buitenen had taken his translation up to the threshold of the great war that is central to the epic Now James Fitzgerald resumes this work with translations of the books that chronicle the wars aftermath The Book of Women and part one of The Book of Peace These books constitute volume 7 of the projected ten volume edition Volumes 4 5 6 8 9 and 10 of the series will be published over the next several years In his introductions to these books Fitzgerald examines the rhetoric of The Mahabharatas representations of the wars aftermath Indeed the theme of The Book of Women is the grief of the women left by warriors slain in battle The book details the keening of palace ladies as they see their dead husbands and sons and it culminates in a mass cremation where the womens tears turn into soothing libations that help wash the deaths away Fitzgerald shows that the portrayal of the womens grief is much more than a sympathetic portrait of the sufferings of war The scenes of mourning in The Book of Women lead into a crisis of conscience that is central to The Book of Peace and Fitzgerald argues the entire Mahabharata In this book the man who has won power in the great war is torn between his own sense of guilt and remorse and the obligation to rule which ultimately he is persuaded to embrace The Mahabharata is a powerful work that has inspired awe and wonder for centuries With a penetrating glimpse into the trauma of war this volume offers two of its most timely and unforgettable chapters **The Bush Doctrine and Latin America** G. Prevost, C. Campos, 2007-02-05 This volume focuses on the contemporary political economic and security affairs of the Western Hemisphere Following a decade of focus on economic matters around the Free Trade Area of the Americas FTAA the authors argue that the Bush Doctrine formed in the wake of 9 11 has resulted in a renewed U S concentration on security matters **Go Down, Moses** Nancy Dew Taylor, 1994 First published in 1994 Routledge is an imprint of Taylor Francis an informa company **Decoding Spacetime** Eric Carlson, 2010-11-08 This is a book about science religion and being yours and mine The study of being is called Ontology Our culture is dominated by a naturalist ontology The question is does ontology include a supernatural component Or is that idea a relic of our primeval past sort of like appendix and adenoids parts that can be

excised from the body of our belief system The author argues for the primacy of the transcendent supernatural ontology by means of two books the book of nature and the book of transcendency the Bible each containing its own portion of the evidence Mr Carlson argues for the following The universe represents a small portion of Gods ontology a small reality devoted to redemption The signet of redemption is the number 7 its appearance within chronology is deliberate instructive and compelling The Creation Week account reflects a two fold metaphor 1 space time itself was created to support the redemptive act and 2 mankind's history will unfold in a series of seven ages later quantified as millennia The interval between Adam and Abraham literally filled one redemptive bi millennium but the catastrophic effects of 3 realities the Cainite civilization Noah and the break up of Pangaea contribute to the appearance of myth as viewed by the uniformitarian geologist for whom catastrophes appear invisible The 2nd bi millennium Abraham to Messiah was also fulfilled exactly in redemptive time The termination of our age is imminent and dependent upon the chronology of Israel mankind's chronograph A detailed chronology of the history of Israel is flavored with the redemptive signet especially 70 yrs or 70 heptads of yrs By decoding Israel's history in redemptive time and employing the single concept of the favor of God the author derives a Biblical based proof that modern Israel is the same and identical state founded by Samuel in 1096 BC Three independent proofs of this foundational date are provided These proofs show that the Monarchy existed for exactly 511 yrs which period is exactly equal to 73 heptads Israel is an heptadic state The author concludes that the redemptive corollary to Israel's ontology is also proven we have actually entered the end times and the events associated with the last days will soon unfold Because the reality of Israel is visible to all it is apparent that the redemptive offer made to mankind is also real and visible such as that appearing in John 3 16 John 6 40 and Romans 10 9 13 There is much to learn about our world Start now Tomorrow may be too late

The In-between of Writing Eleanor Honig Skoller, 1993 Examines works by three very different writers to explore the relation of experience to literary experiment

Antisapiens & Superhuman Augustin Ostace, 2018-09-13 By trying to overcome the individuality of the philosophical and theological ECCE HOMO regarding the human individuality or its redeemed deity by passing from the out expression of Look the Man or Here s the Man Through a bio ontological interpretation of the Specie Sapiens as ECCE SAPIENS is the main topic of our book But the image of the founder of Christianity Jesus Christ as one of prototype of humanity an event taking place of ca 2000 years ago before of our era BCE analyzed in ECCE HOMO confronting the present time image of the ECCE SAPIENS Look the Species Or here s the Species Will show up the difficulties of this endeavor It is also very difficult to make a clear prototype of the Species Sapiens and in the same time the image of Species who was appearing on the scene of the evolutionary and revolutionary biological world of our planetary Earth in the last of ca about 50 000 years ago before the present times BPT just taking in account the obscure origin of our Species and its beginning through culture and civilizations on our planetary earth The author is rethinking its own Species in re analyzing oneself towards the triad UPSAPIENS DOWNSAPIENS ANTISAPIENS and the overcoming of the
