Engaging Moments The Origins Of Medieval Bridal Quest Narrative:

Engaging Moments Claudia Bornholdt, 2012-02-13 This book presents the first collection of the earliest West Germanic bridal quest narratives together with a comparative study of them In contrast to earlier studies the author locates the origin of this narrative tradition in the oral and written Germanic literary tradition a result that leads to a re assessment of the genesis of vernacular German and Scandinavian literature The chapters deal in chronological order with the Latin chronicles of the Germanic peoples and with the early Latin and vernacular literature in Germany and Scandinavia Bridal-quest Epics in Medieval Germany Sarah Bowden, 2012 King Rother Salman und Morolf the Minchner Oswald and Grauer Rock otherwise known as Orendel have had a troubled position in the literary history of medieval Germany Forced into a normative generic framework as either Minstrel Epic Spielmannsepik or Bridal quest Epic Brautwerbungsepik these texts have been viewed conventionally according to an essentially teleological classification or a schematic ideal Bowden challenges the premises of such a view with a detailed history of the textual scholarship and reevaluates these so called Bridal quests on their own terms offering detailed and suggestive readings of each work without the distortions or limitations inherent in the traditional interpretative model Sarah Bowden is Powys Roberts Research Fellow at St Hugh's College Oxford King Rother and His Bride Thomas Kerth, 2010 A new view of King Rother in which not only the wooer but also his bride to be enacts a quest **Chastity** Nancy van Deusen, 2008-02-28 Chastity as a topic is an ideal interdisciplinary consideration since it accesses iconographical representation the philosophical issues of purity morality and of innocence the legal issues of loss and punishment the historical issues of celibacy and the legislation that topic evoked as well as the role of chastity as a literary topos in Late Antiquity as well as the Middle Ages for example in medieval commentary traditions and within medieval vernacular literatures The topic of Chastity as well as its opposing characteristics thus provides an arena for a discussion of the transmission of Ovid and the commentaries this author provoked in the Middle Ages the interpretation of images illustrating legal texts cross cultural enquiries such as the reciprocity between Christian Muslim and Judaic interpretations of temperance continence and abstinence and the theological legal issue of God's rights in excising Adam and Eve from the Garden of Eden Contributors Nancy van Deusen Frank T Coulson Marcia L Colish Uta Renate Blumenthal Theresia Anne Druart Claudia Bornholdt Susan L Engle Cristian Gaspar and Rafael Chodos *Writing the Barbarian Past: Studies in Early Medieval Historical Narrative* Shami Ghosh, 2015-10-27 Writing the Barbarian Past examines the presentation of the non Roman pre Christian past in Latin and vernacular historical narratives composed between c 550 and c 1000 the Gothic histories of Jordanes and Isidore of Seville the Fredegar chronicle the Liber Historiae Francorum Paul the Deacon's Historia Langobardorum Waltharius and Beowulf it also examines the evidence for an oral vernacular tradition of historical narrative in this period In this book Shami Ghosh analyses the relative significance granted to the Roman and non Roman inheritances in narratives of the distant past and what the use of this past reveals about the historical consciousness of early medieval

elites and demonstrates that for them cultural identity was conceived of in less binary terms than in most modern scholarship

Toleration and Tolerance in Medieval European Literature Albrecht Classen, 2018-03-05 Toleration and Tolerance in Medieval European Literature aims to examine and unearth the critical investigations of toleration and tolerance presented in literary texts of the Middle Ages In contrast to previous approaches this volume identifies new methods of interpreting conventional classifications of toleration and tolerance through the emergence of multi level voices in literary religious and philosophical discourses of authorities in medieval literature Accordingly this volume identifies two separate definitions of toleration and tolerance the former as a representative of a majority group accepts a member of the minority group but still holds firmly to the belief that s/he is right and the other entirely wrong and tolerance meaning that all faiths convictions and ideologies are treated equally and the majority speaker is ready to accept that potentially his/her position is wrong Applying these distinct differences in the critical investigation of interaction and representation in context this book offers new insight into the tolerant attitudes portrayed in medieval literature of which regularly appealed influenced and shaped popular opinions of the period

Unwanted Andreas Schmidt, Daniela Hahn, 2022-01-19 The 9 essays collected in this volume are the result of a workshop for international doctoral and postdoctoral researchers in Old Norse Icelandic Saga Studies held at the Institute for Nordic Philology LMU in Munich in December 2018 The contributors focus on unwanted illicit neglected and marginalised elements in saga literature and research on it The chapters cover a wide range of intra textual phenomena narrative strategies and understudied aspects of individual texts and subgenres The analyses demonstrate the importance of deviance and transgression as literary characteristics of saga narration as well as the discursive parameters that have been dominant in Saga Studies The aim of this collection is to highlight the productiveness of developing modified methodological approaches to the sagas and their study with a starting point in narratological considerations

 Marianne E. Kalinke, 2017-03-23 This book is an investigation of the foundation and evolution of romance in Iceland The
 narrative type arose from the introduction of French narratives into the alien literary environment of Iceland and the
 acculturation of the import to indigenous literary traditions The study focuses on the oldest Icelandic copies of three
 chansons de geste and four of the earliest indigenous romances both types transmitted in an Icelandic codex from around
 1300 The impact of the translated epic poems on the origin and development of the Icelandic romances was considerable yet
 they have been largely neglected by scholars in favour of the courtly romances This study attests the role played by the epic
 poems in the composition of romance in Iceland which introduced the motifs of the aggressive female wooer and of Christian
 heathen conflict **German Literature on the Middle East** Nina Berman, 2011 An investigation of Germany and the
 Middle East through literary sources in the context of social economic and political practices *Gender Bonds, Gender*
Binds Sara S. Poor, Alison L. Beringer, Olga V. Trokhimenko, 2021-05-10 While Gender Studies has made its mark on literary
 studies much scholarship on the German Middle Ages is largely inaccessible to the Anglo American audience With gender at
 its core as a category of analysis Gender Bonds Gender Binds uniquely opens up medieval German material to English
 speakers Recognizing the impact of Ann Marie Rasmussen s Mothers and Daughters in Medieval German Literature this
 transatlantic volume expands on questions introduced in her 1997 book and subsequent work More than a mere tribute the
 collection moves the debates forward in new directions it examines how gender bonds together people practices texts and
 interpretive traditions while constraining and delimiting these things socially ideologically culturally or historically As the
 contributions demonstrate a close materially focused analysis produces complex results not easily reduced to a platitude The
 essays steer a firm course through the terrain of gender bonds and binds many of which remain challenging in the present
 Herein lies the broader reach of this volume for understanding the longevity of patriarchy and its effects on human relations
 demonstrates how crucial the study of the past can be for us as a society today **The Arthur of the North** Marianne E.
 Kalinke, 2015-11-20 The book is a comprehensive survey of medieval and early modern Arthurian literature in the
 Scandinavian countries The book analyses the transmission of a foreign courtly literature in the non courtly culture of Iceland
 The book surveys the acculturation of foreign narrative and style to indigenous literary forms in the North JEGP, Journal
of English and Germanic Philology Gustaf E. Karsten, 2008 *The Old English Epic of Waldere* Jonathan Himes, 2009-03-26
 The epic fragments of Waldere yield some of the earliest lore concerning migration period heroes such as Attila the Hun
 Theodoric the Ostrogoth Walter son of Ifhere and Gunther and Hagen of the Nibelungs while at the same time expressing
 political concerns that the Viking age poet shared with his audience Imagery and themes such as armaments and the

worthiness of warriors to bear them point to the climax of Walter's victory over Gu here in single combat a duel presenting an ethical dilemma for Hagen as indicated in both of the extant leaves This critical edition resolves some long standing textual cruxes while also providing background on Old English heroism weapons and versification [Kudrun](#) ,2025-02-21 I am a huge fan of Whobrey's translations These new English translations of Kudrun Wolf Dietrich and Otnit uphold the quality to which I've grown accustomed in his work They do an excellent job of capturing the language and cadence of the texts and are as accurate readable and fluent as the original texts allow them to be I especially love the texts Wolf Dietrich and Otnit and I'm thrilled they are now available for the first time in English translation They are such fun to read and I hope that students find their hapless heroes as entertaining and humorous as I do In short it is a delight to read Whobrey's English translations of these tales and I'm excited to teach with them Kathryn Starkey Stanford University [Emotion in Old Norse Literature](#) Sif Ríkharðsdóttir,2017 Draws on Old Norse literary heritage to explore questions of emotion as both a literary motif and as a social phenomenon Authors throughout history have relied on the emotional make up of their readers and audiences to make sense of the behaviours and actions of fictive characters But how can a narrative voice contained in a text evoke feelings that are ultimately never real or actual but a figment of a text a fictive reality created out of words How does one reconcile interiority a presumed modern conceptualisation with medieval emotionality The volume seeks to address these questions It positions itself within the larger context of the history of emotion offering a novel approach to the study of literary representations of emotionality and its staging through voice performativity and narrative manipulation probing how emotions are encoded in texts The author argues that the deceptively laconic portrayal of emotion in the Icelandic sagas and other literature reveals an emotive script that favours reticence over expressivity and exposes a narrative convention of emotional subterfuge through narrative silences and the masking of emotion Focusing on the ambivalent borders between prose and poetic language she suggests that poetic vocalisation may provide a literary space within which emotive interiority can be expressed The volume considers a wide range of Old Norse materials from translated romances through Eddic poetry and slendingas gur sagas of Icelanders to indigenous romance Sif Ríkhardsdóttir is Professor of Comparative Literature at the University of Iceland and Vice Chair of the Institute of Research in Literature and Visual Arts [Women and Gender in Medieval Europe](#) Margaret C.
