India's Past, Its Learnings, Its Pedagogies R S Krishna, 2022-10-19 The very acrimonious debates on history textbooks have mostly been dominated by scholars historians civil society activists and politicians Where are the teachers in this debate vested with the onerous responsibility of transpiring learnings in history to the students The author R S Krishna tries to recover the teacher's voice through an critical observation of select teachers their classroom practices the ideas that inform their understanding of our past and the way history textbooks are mediated by teachers In this Krishna also brings in his own teaching experience and his evolution as a history teacher Combining observations experience and readings from educational sociology Krishna establishes how history as we know it emerges largely through narratives where not recapitulation of facts but competing nationalisms politics and knowledge prisms are more defining Here Krishna is particularly critical of the liberal Marxist prisms that has had a major influence on textbook writing particularly of NCERT At the same time attempts by the adherents seeking to establish an Indic or a Hindu view of our past particularly their ability to bring pedagogically appropriate textbooks have so far been dismal Framing his arguments within the context of modernity which he sees as
