*Developing Educationally Meaningful and Legally Sound IEPs*  
Mitchell L. Yell, David F. Bateman, James G. Shriner, 2021-08-17  
The purpose of this book is to assist readers to use better practices when developing educationally meaningful and legally sound Individualized Education Programs (IEPs). Beginning with the history and purpose of IEPs, this book examines the context and reasons IEPs were first created. The core chapters address better practices in conducting assessments, developing present levels of academic achievement and functional performance statements, crafting measurable annual goals, determining special education services, and monitoring and reporting on students' progress. The authors also discuss placing students with disabilities in the least restrictive environment (LRE) and provide forms and graphics to assist in developing students' special education programs.

*Coaching Students with Executive Skills Deficits*  
Peg Dawson, Richard Guare, 2012-02-09  
This practical manual presents an evidence-based coaching model for helping students whose academic performance is suffering due to deficits in executive skills, including time and task management, planning, organization, impulse control, and emotional regulation. In just a few minutes a day, coaches can provide crucial support and instruction tailored to individual students' needs. From leading experts, the book provides detailed guidelines for incorporating coaching into a response-to-intervention framework, identifying students who can benefit, conducting each session, and monitoring progress. Special topics include how to implement a classwide peer coaching program. More than three dozen reproducible assessment tools, forms, and handouts are featured. The large size format and lay-flat binding facilitate photocopying. Purchasers also get access to a Web page where they can download and print the reproducible materials. This book is in *The Guilford Practical Intervention in the Schools Series*.
