Inside Looking Out:

Inside Looking Out Alfred Colo, 2008-10-06 The heightened speech of poetry elevates what one has to say to a place more lovely than what may be commonly perceived This collected mixture of poetry and prose adds the spice to what may be seen as ordinary to what is viewed as extra ordinary in nature s ever shifting world on this our fragile global warming highly endangered Kingdom of plants animals birds of air and fi sh in the sea overseered by us human stewards of all the creation we inhabit

Inside Looking Out Gary Edward Polster, 1990 The Cleveland Jewish Orphan Asylum was for fifty years 1868 1918 the home for some 3 500 boys and girls most of them immigrants from Eastern Europe Gary Polster s study examines the efforts of the more acculturated German Jews of Cleveland to Americanize and make good workers of the newcomers and to teach a Judaism quite removed from the Yiddish culture and religious orthodoxy of Eastern Europe The dominant figure at the asylum during the formative years was Samuel Wofenstein 1841 1921 a native of Moravia who by the age of 22 had earned both a rabbinical degree and a Ph D in philosophy He became a trustee of the JOA in 1875 and its superintendent in 1878 For a man who gained a reputation as an authoritarian his first wish was to free the children from a lock step regimentation which produced an institutional type marked by repression if not atrophy of the impulse to act independent Wofenstein stressed obedience through persuasion through religion Reform Judaism and moral exhortations Students were to be imbued with respect for work through performing useful tasks the boys in the stables and on the grounds the girls in the kitchen the laundry and the sewing room The idea of assimilation was necessarily paternalistic but many of the German Jews believed that by becoming more American and less obviously Jewish they would deflect the always present nativism and anti Semitism As for the children they remained for the most part ambivalent about the orphanage and

about Wolfenstein and his successors They were taught some useful skills they were fed and clothed Their chief deprivation was of the spirit Professor Polster brings to his study a sensitivity that complements his grasp of the literature of asylum and the social history of turn of the century America He has listened well to the aging men and women who once were the children inside looking out *Inside Looking Out* Sharyn Rohlfen Udall,1994 American painter Gina Knee 1898 1982 is an important virtually unacclaimed artist whose career stretched over five decades and many locations she worked in the Southwest the South California and New York Starting in the 1940s she was given solo shows on both coasts and her work found its way into major public and private collections She knew and exhibited with some of the major artists of her day Jackson Pollock Willem de Kooning Mark Tobey and her third husband Alexander Brook Yet like many artists especially women working on the fringes of mainstream art movements her achievements have been nearly forgotten in the rush to create art superstars This book is an in depth examination of the artist s life and work from hesitant artistic beginnings to a culmination in highly original paintings reflecting her modernist and abstract vision *Inside Looking Out* reflects too the recent recognition in art history that art is as much a product of culture as it is the elusive privileged activity of the isolated genius Knee s efforts to find the delicate balance between marriage and her life s work is a central theme of the book traced in her letters and conversations with friends Her story gives new insight into American art and life at mid century Gina modified her schedule to suit the demand of her husband s They rose early she prepared his breakfast and packed his lunch then drove him to work in the pre dawn rushing traffic Returning home she faced the new tasks of managing the household without help Dishwashing making beds dusting laundry all the things middle class women took for granted in the 1940s these were frustrating and time consuming It just takes hours for me to do what an organized housewife does in one she complained Gina s affluent upbringing and the ease of finding servants in Santa Fe had accustomed her to hours of time spent as she chose In wartime Los Angeles when servants were impossible to find she suddenly had to do everything and it soon began to feel burdensome Forced to sacrifice precious studio time to the demands of a repetitious household routine she came face to face with a new reality that she must now give up a certain amount of control over her own life Money her own independent income had formerly given her the luxury of time time to be used as a man does in professional activity freed from enervating household chores Now the leveling effect of the war reminded her firmly that she was a woman in a situation where affluence could not buy the uninterrupted freedom to create Her life was turned upside down her priorities questioned her relationship with Ernie Knee strained *On the Inside Looking Out* Linda Wilson,2023-04-11 It is an autobiography into the life of a family faced with the trials and tribulations of a young couple trying to do the best for their family and to give them the advantage they missed growing up They never expected what lay before them or the future that was about to unfold **From the Inside Looking Out** M.J. Henry,2023-05-03 About the Book An autobiographic account of her youth M J Henry s *From the Inside Looking Out* offers a first hand view of life in the poor rural south She knew early in

her life that her family was totally dysfunctional They were not normal and did not live like other people lived For most of her life she has lived under the misconception that if you don t talk about it it will go away or maybe it isn t true They were very poor and didn t know how poor they were until they were older and could see how other people lived Being poor and dysfunctional are two totally different things Many people were and still are poor and that is no shame It s only shameful when you don t do all you are capable of to overcome it Verbal and mental abuse have no limits As an adult M J was having nightmares and horrible dreams about her childhood She d heard and experienced that if you put things on paper that it would change the whole perspective in one way or another She had been praying long before daylight for God to give her some answer for what she should do and how to deal with the future Later that morning the inspiration came to her that she should write a book about her life She felt that she owed it to herself her children and grandchildren and all of the others who whispered behind our backs and to those who were involved in some way Once M J poured out her heart and soul on paper the dreams stopped About the Author M J Henry grew up in rural Mississippi in the mid 1940s Early in her life they had no electricity running water or inside plumbing While she wasn t all that interested in school M J did graduate from high school She s enjoyed two fulfilling jobs each lasting almost 20 years each She s worked as a sales manager for a manufacturing company which gave her the opportunity to travel to many military bases Her other role was a consolidations supervisor for a student loan company The most successful fulfilling job she s ever had however is being a mother to two amazing children who have graced her with three precious grand children and one great grandchild M J currently lives in Mississippi This is her first published book **On the Inside, Looking Out** Gretchen Huffman,2016-02-23 These poems were written not only for women but for all people who have experienced love pain longing joy loneliness embarrassment and all the other emotions known to mankind If you have lived to adulthood and that age differs with all of us you have no doubt experienced most or all of these feelings Some you may have enjoyed others not so much But if you are like me you remember most of them Oddly enough you may remember the negative ones as much as or more than the positive ones Either way while you are reading this we are connected and that alone makes my efforts worthwhile I wish to thank everyone who influenced me and therefore provided me with the necessary incentive to rhyme We are planning a Volume II So watch for further developments **From The Inside Looking Out** Glen Reed,2020-07-20 One might wonder what it is really like behind all the miles of razor wire and the tall fences in the penitentiary today Due to many extreme controversies in today s society concerning the true meaning of the rule of law protection of the public fair sentencing justifiable treatment of the incarcerated and the brave men and women who as correctional officers put their lives on the line every day it is essential to shed some much needed light on this subject Things have changed dramatically due to extreme political views the increase in crime immigration and the idea of locking them up and throwing away the key As a correctional officer we see both sides of the fence We see from the inside looking out It is important for society to fully understand what goes on inside a prison and

then they can make a reasonable conclusion for themselves Change is always painful but there is always room for much needed change This is a must read Building the Invisible Orphanage Matthew A. Crenson, 2009-07-01 This book examines the connection between the decline of the orphanage and the rise of welfare in America Matthew Crenson argues that the prehistory of the welfare system was played out not on the stage of national politics or class conflict but in the micropolitics of institutional management Second Home Timothy A. Hacsí, 1997 As Timothy Hacsí shows most children in nineteenth century orphan asylums were half orphans children with one living parent who was unable to provide for them The asylums spread widely and endured because different groups churches ethnic communities charitable organizations fraternal societies and local and state governments could adapt them to their own purposes In the 1890s critics began to argue that asylums were overcrowded and impersonal By 1909 advocates called for aid to destitute mothers and argued that asylums should be a last resort for short term care only Yet orphanages continued to care for most dependent children until the Depression strained asylum budgets and federally funded home care became more widely available Yet some Catholic asylums in particular cared for poor children into the 1950s and 1960s
