Action on Gender Equality, Women's Empowerment and Ending Violence Against Women in Africa ,2008 Human Security and Empowerment in Asia Mely Caballero-Anthony,Yoichi Mine,Sachiko Ishikawa,2023-10-26 In the context of the COVID 19 pandemic this edited volume

revisits the framework of human security and development. It examines the protection empowerment nexus as applied to various vulnerable groups and populations affected by the pandemic. While the conventional human security literature has focused on top down protection, this book offers new perspectives on human security by exploring bottom up empowerment from both theoretical and practical perspectives. It also encourages readers to rethink the agency of vulnerable people in addressing the challenges posed by the pandemic. Through eight case studies from Southeast Asia and Japan, the contributors to this book demonstrate the importance of empowerment in achieving human security. They focus on the responses of vulnerable groups and communities to multiple threats to their lives, livelihoods, and dignity. The chapters discuss key human security concerns such as poverty, the environment, food, forced migration, gender, health, aging, peace, and justice, all of which have been compounded and exacerbated by the COVID-19 pandemic. An essential resource for students and scholars of human security in the aftermath of COVID-19 and its wider impacts. The Open Access version of this book is available at www.taylorfrancis.com. Real Estate Titans Erez Cohen, 2019-03-26. In *Real Estate Titans*, Erez Cohen shares the advice and

learnings of the world's leading real estate experts to create a guide for becoming a savvy real estate player. Cohen draws on his experience as a research and teacher's assistant at Wharton Business School with an investment expert and his mentor Dr. Peter Linneman. Throughout his career, Cohen has collected first-hand knowledge from meetings with such real estate titans as Ronald Terwilliger, Sam Zell, Joseph Sitt, and numerous others. Cohen wanted to understand how these real estate giants became so successful, so he refined his quest into three critical questions: What inspires these titans to work so hard and reach such extraordinary levels of success? What are the main elements and traits inside of them that propel them to be so grandiose? How have these individuals, who had less resources, succeeded on a much bigger scale than so many of their competitors? Real Estate Titans contains the 7 key lessons distilled from interviews with several of the world's greatest real estate investors. These critical lessons offer insight into the mindset, tactics, and habits that each of the interviewed titans possess. Once you implement these key ideas, which you won't find anywhere else, into your business, it will grow exponentially within a matter of months. Real Estate Titans offers an insider's view into several of the most successful investors on the planet. The book's compelling stories and lessons show why real estate is such a wonderful and important business, and it also offers a roadmap for becoming a world-class real estate player.
