Allied Encounters Marisa Escolar, 2019-07-02 Honorable Mention for the 2019 American Association for Italian American Book Prize 20 21st Centuries Allied Encounters uniquely explores Anglo American and Italian literary cinematic and military representations of World War II Italy in order to trace critique and move beyond the gendered paradigm of redemption that has conditioned understandings of the Allied Italian encounter The arrival of the Allies global forces in an Italy torn by civil war brought together populations that had long mythologized one another yet liberation did not prove to be the happy ending touted by official rhetoric Instead of a honeymoon the Allied Italian encounter in cities such as Naples and Rome appeared to be a lurid affair where the black market reigned supreme and prostitution was the norm Informed by the historical context as well as by their respective traditions these texts become more than mirrors of the encounter or generic allegories Instead they are sites in which to explore repressed traumas that inform how the occupation unfolded and is remembered including the Holocaust the American Civil War and European colonialism as well as individual traumatic events like the massacre of the Fosse Ardeatine and the mass civilian rape near Rome by colonial soldiers The Ultimate Art of War: A step-by-step illustrated guide to Sun Tzu's teachings Antony Cummins, 2024-07-18 The Ultimate Guide to the Real Teachings of Sun Tzu The Art of War is the world s most famous military treatise yet few people have explored what its much quoted maxims really mean Created for all those who want to study Sun Tzu s teachings in depth and apply his strategic insights in their own lives this is the first ever step by step guide to the ancient Chinese classic breaking down the enigmatic text into 235 lessons that explain the core concepts more clearly than ever before Including a full translation of Sun Tzu s original as well as in depth commentary that summarizes current academic interpretations of the text this is the only edition of Art of War to highlight the different perspectives of all recent translators as well as those of the historical commentators To help you fully absorb the lessons you will also find Striking strategic diagrams and conceptual graphics to embed the teachings A War Tip with each lesson to make it even more memorable A closing section containing the entire Art of War boiled down to a concise list of bullet points the essential reference tool for studying the complete strategy of Sun Tzu
