Her Life Historical Catherine
Sanok, 2013-04-23 Her Life Historical offers a major reconsideration of one of the most popular narrative forms in late medieval England the lives of female saints and one of the period's primary modes of interpretation exemplarity With lucidity

and insight Catherine Sanok shows that saints legends served as vehicles for complex considerations of historical difference and continuity in an era of political crisis and social change At the same time they played a significant role in women s increasing visibility in late medieval literary culture by imagining a specifically feminine audience Sanok proposes a new way to understand exemplarity the repeated injunction to imitate the saints not simply as a prescriptive mode of reading but as an encouragement to historical reflection With groundbreaking originality she argues that late medieval writers and readers used religious narrative and specifically the legends of female saints to think about the historicity of their own ethical lives and of the communities they inhabited She explains how these narratives were used in the fifteenth century to negotiate the urgent social concerns occasioned by political instability and dynastic conflict by the threat of heresy and the changing status of public religion and by new kinds of social mobility and forms of collective identity Her Life Historical also offers a fresh account of how women came to be visible participants in late medieval literary culture The expectation that they formed a distinct audience for saints lives and moral literature allowed medieval women to surface in the historical record as book owners patrons and readers Saints lives thereby helped to invent the idea of a gendered audience with a privileged affiliation and a specific response to a given narrative tradition

cultural conversations surrounding pregnancy and childbirth While horror films are often neglected as vital sources of intellect and analysis many of these films use their subversive viewpoints on cultural issues to offer a unique perspective that can ultimately help to shape the way society views them Patrick Weber reminds us that pregnancy and childbirth can be traumatic events both physically and emotionally as she discusses the current conversations surrounding the issue and critiques the advancement of medicalization Scholars of film studies gender studies rhetoric and medicine may find this book **Knight** Timothy Zahn, 2019-04-16 A legend of space opera is back with the second book in the Sibyl s War series from the Hugo Award winning New York Times bestselling author Nicole Hammond was just trying to survive on the streets of Philadelphia then she and her partner Bungie were abducted by a race of mysterious moth like aliens and taken to a strange ship called the Fyrantha Now she is a Sibyl a special human that has the ability to communicate with the aliens and their ship and no one is happy Competing factions control different parts of the Fyrantha with the humans and other sentient aliens caught in the middle But Nicole is done being bullied and now she has a plan to take control of the ship She just has to outsmart war profiteers and slavers to do it Tim Zahn is a master of tactics and puts his own edge on complex hard SF thrillers Kevin J Anderson New York Times bestselling author Correct English ,1929 The New York Journal Days of God James Buchan, 2013-10-15 Originally published in Great Britain in 2012 by John Murray of Medicine .1859 Publishers Title page verso New York journal of medicine ,1859 Lore of Proserpine (Esprios Classics) Maurice Irish Novels 1890-1940 John Wilson Foster, 2008-02-21 Studies of Irish fiction are still scanty in contrast to Hewlett,1913 studies of Irish poetry and drama Attempting to fill a large critical vacancy Irish Novels 1890 1940 is a comprehensive survey of popular and minor fiction mainly novels published between 1890 and 1922 a crucial period in Irish cultural and political history Since the bulk of these sixty odd writers have never been written about certainly beyond brief mentions the book opens up for further exploration a literary landscape hitherto neglected perhaps even unsuspected This new landscape should alter the familiar perspectives on Irish literature of the period first of all by adding genre fiction science fiction detective novels ghost stories New Woman fiction and Great War novels to the Irish syllabus secondly by demonstrating the immense contribution of women writers to popular and mainstream Irish fiction Among the popular and prolific female writers discussed are Mrs J H Riddell B M Croker M E Francis Sarah Grand Katharine Tynan Ella MacMahon Katherine Cecil Thurston W M Letts and Hannah Lynch Indeed a critical inference of the survey is that if there is a discernible tradition of the Irish novel it is largely a female tradition A substantial postscript surveys novels by Irish women between 1922 and 1940 and relates them to the work of their female antecedents This ground breaking survey should also alter the familiar perspectives on the Ireland of 1890 1922 Many of the popular works were problem novels and hence throw light on contemporary thinking and debate on the Irish Question After the Irish Literary Revival and creation of the Free State much popular and mainstream fiction became a lost archive neglected evidence indeed of a lost Ireland **Briseis** William
