Preparations

Note: Please follow the steps described below.

- Unpack the Cash Register and **DO NOT** plug the power cord in until sections 1 and 2 have been completed.
- To prevent losing all your settings and sales data, we strongly recommend that you set the memory protection batteries before you use the cash register and replace them at least once a year.

1. To set memory protection batteries

- Remove the printer cover by lifting it up.

- Remove the tape up reel.

- Remove the battery-compartment cover and insert two new "AA" type batteries in the battery compartment.

- Replace the battery-compartment cover.

Important

- Be sure that the plus (+) and minus (-) ends of the batteries are facing in the directions as indicated on the battery compartment.
- The Cash Register will show an "L" in the left hand corner of the display when the batteries are running low on power. Insert two new batteries when this occurs.

2. To set a paper roll

This Cash Register is fitted with a Thermal Printer. Only Thermal paper 57 mm wide rolls can be used.

- Open the printer port by lifting it up.

- Insert the paper roll so that the end of the paper comes out from the bottom of the roll and place it behind the printer.

- Place the end of the paper over the printer.

- Close the printer port slowly with it locked securely.

Note: Never touch the printer's thermal head and the paper. Avoid the thermal paper from heat, humidity or direct sunlight.

Important

- If the Thermal paper roll is not properly installed, you will not be able to use the cash register. The 8th corner code will be displayed to indicate that the printer is not working.

3. To turn the cash register on

- Insert a Mode key that comes with the Cash Register in the Mode switch and turn it to OFF position.

- Plug in the power cord into an AC outlet.

4. To set language, date and time

- As soon as you plug in the power cord, the printer prints instructions for selecting language. If you wish to select English, press **[F1]** key. For selecting Spanish, press **[F2]** key.
- The printer then prints the instructions for setting date and time and the first digit of the display flashes. Enter the date in order of month, day and year. For example, 07/21/14 for January 21, 2014. The display changes for setting time. Enter the present hour and minute in 24-hour system.

Note: At this point the bill will automatically turn off, as the setup procedure has been completed. Please note that the key is still in the OFF position.

Important

- Once the time has been entered, the Cash Register will print a confirmation receipt showing the date and time of the bill and check that this is correct.

5. To set tax rate

- Turn the Mode switch to PROGRAM position.
- Enter **[F1]** then press **[F2]** key for setting the register in the program mode.
- Enter **[0][0][0][0]** then press **[F2]** to set the register in the tax program mode.
- Referring the list table on page 0-10 of the User's Manual, enter the tax table number for Tax table 1 then press **[F2]** key. For example, to set Japanese 8% state and local tax, enter **[0][0][0][0]**.
- If there is no tax table fitting under your requirements, please see "To set tax tables and rounding system" on page 0-10 of the User's Manual to set tax rates manually.
- If necessary, repeat the step 4 for Tax table 2.
- Press **[F2]** key to complete the settings.

Note: By default, department 01 is programmed as taxable status 1 and the list of departments are set as non-taxable status.

If you wish to change the taxable statuses of departments, please see "To change taxable statuses of department" on page 0-14 of the User's Manual.

- Turn the Mode switch to PROGRAM position. "P" appears on the display.
- Press **[F1]** to set the cash register in program mode.
- Press **[F1]** to set the register in "Journal" mode.
- Remove the printer cover by lifting it up.
- Turn the Mode switch to OFF and press **[F2]** key so that the paper is fed about 75 cm.
- Remove the left plate of the take up reel and insert the edge of the paper between the gap of the shaft.

- Turn the reel a few turns so that it holds the paper securely then replace the left plate.
- Place the take up reel behind the printer and press **[F2]** key to return a state of the paper.
- Replace the printer cover.
