English Language Education Policy in Asia Robert Kirkpatrick,2015-11-27 This volume offers comprehensive state of the art overviews of educational policies concerning the teaching of English in a large number of Asian countries Each contribution is written by a leading expert and gives a clear assessment of current policies and future trends Starting with a description of the English education policies in the respective countries the contributors then delve into the nuts and bolts of the English education policies and how they play out in practice in the education system in schools in the curriculum and in teaching Topics covered include the balance between the acquisition of English and the national language political cultural economic and technical factors that strengthen or weaken the learning of English

The Egyptian Military in Popular Culture Dalia Said Mostafa,2016-11-23 This book examines a key question through the lens of popular culture Why did the Egyptian people opt to elect in June 2014 a new president Abdel Fattah al Sisi who hails from the military establishment after toppling a previous military dictator Hosni Mubarak with the breakout of the 25 January 2011 Revolution In order to dissect this question the author considers the complexity of the relationship between the Egyptian people and their national army and how popular cultural products play a pivotal role in reinforcing or subverting this relationship The author takes the reader on a journey through crucial historical and political events in Egypt whilst focusing on multi layered representations of the military figure the military leader the heroic soldier the freedom fighter the conscript the martyred soldier and the Intelligence officer in a wide range of popular works in literature film song TV drama series and graffiti art Mostafa argues

that the realm of popular culture in Egypt serves as the blood veins which feed the nation's perception of its Armed Forces

Contemporary Global Perspectives on Gender Economics Moore, Susanne, 2015-07-24 The rise of women in the workforce has led to many campaigns for wage equality and the impartial treatment of both sexes as they pursue careers previously designated as either a man's or a woman's job The impact of these campaigns has been felt but a sense of gender stereotyping still affects not only the social and cultural well being of the modern organization but the drive for innovation and economic success as well Contemporary Global Perspectives on Gender Economics challenges current economic theory targeting the way gender is often used for economic gain or increased market share Experts realize that company growth can no longer be achieved by taking a conventional approach but few follow through with introducing new frameworks that change the way diversity is treated By acknowledging that issues like childcare and the wage gap are not only a woman's challenge this book speaks to legislators and policymakers economic developers corporate practitioners educational faculties and students of all disciplines who are looking to change the way gender is viewed in the workforce This essential reference source features chapters that combine the concepts of gender theory sociology and economics and cover topics including economic equality gender bias the history of gender economics industrial creativity and the impact of social connectedness on life satisfaction **"The" Athenaeum** ,1866

The SAGE Encyclopedia of the Internet Barney Warf, 2018-05-16 The Internet needs no introduction and its significance today can hardly be exaggerated Today more people are more connected technologically to one another than at any other time in human existence For a large share of the world's people the Internet text messaging and various other forms of digital social media such as Facebook have become thoroughly woven into the routines and rhythms of daily life The Internet has transformed how we seek information communicate entertain ourselves find partners and increasingly it shapes our notions of identity and community The SAGE Encyclopedia of the Internet addresses the many related topics pertaining to cyberspace email the World Wide Web and social media Entries will range from popular topics such as Alibaba and YouTube to important current controversies such as Net neutrality and cyberterrorism The goal of the encyclopedia is to provide the most comprehensive collection of authoritative entries on the Internet available written in a style accessible to academic and non academic audiences alike
